## SPECIALIST DEGREE & NEW CERTIFICATE PROGRAMS APPROVED FOR ST. CLOUD STATE COLLEGE

### SPECIALIST DEGREE PROGRAM (6th Year)

The North Central Association of Colleges and Universities has given their approval for the accreditation of a Specialist Degree to be offered by the Department of Library and Audiovisual Education of the School of Education at St. Cloud State College. Applications are now being accepted by the Graduate Office for students who are interested in pursuing their study in the area of Information Media beyond the Master's Degree.

The basic purpose of the Specialist Degree is to improve and upgrade the educational preparation of media personnel at all levels. Generally, there will be three types of persons interested in admission to the program. (1) Those who have completed a Master's Degree with a major in some area of media. (2) Those who have completed a minimum of 45 graduate credits in some area of media but who have not completed the Master's Degree but are eligible for entrance into the Master's Degree under present entrance requirements. (3) Those who have a Master's Degree in some area other than media but who are now interested in entering a career in media. Entrance requirements include the Graduate Record Examination scores in verbal, quantitative and advanced

education, experience relevant to the program, acceptable grade point average and references. Minimum graduation requirements include 45 credits above a Master's Degree with a minimum of 60 credits of graduate media courses, an acceptable grade point average, a departmental examination, and a research project. For some it may include a period of internship.

For information contact the Department of Library and Audiovisual Education.

### "EXPERIMENTAL CERTIFICATE PROGRAM"

The change in certification requirements brought about by the approval of Media Generalist and Media Supervisor certification has made necessary that a program be established to aid those persons who are now in the field with either library or audiovisual director certification to qualify for media certification. The Minnesota Department of Education has approved an Experimental Certificate Program submitted by St. Cloud State College Department of Library and Audiovisual Education. To be eligible to participate in this program one must hold a full school library endorsement or audiovisual director

endorsement issued prior to September 1, 1972. This experimental certificate program is intended to meet the needs for the Media Supervisor certification which requires a minimum of a Master's Degree. Media Supervisor Certification will be available to those eligible media persons who successfully complete the program and meet the competency requirements as outlined by the Task Force on Certification.

For more information concerning either the regular certification program or the experimental certificate program, contact the Department of Library and Audiovisual Education at St. Cloud State College and discuss it with a graduate adviser.

#### MEDIA GENERALIST & MEDIA SUPERVISOR CERTIFICATE PROGRAMS

The State Department of Education has notified the Dean of the School of Education that the proposal for meeting the new Media Generalist and Media Supervisor requirements had been accepted. Therefore, St. Cloud State College will now be able to certify to the State Department of Education, persons who have met the requirements for certification as Media Generalist and for Media Supervisor in addition to certification as a School Librarian, an Audiovisual Coordinator or an Audiovisual Director.

Also accepted was a proposed experimental certificate program to assist those who hold a full school library endorsement or audiovisual director endorsement.

#### NEW AT LEARNING RESOURCES

*Dr. Dennis C. FIELDS is the new Materials Adviser for the Bureau of Learning Resource Services, the Department of Library and Audiovisual Education and with the faculty of the college. He will be chiefly responsible for the development of concepts and materials for use in the Random Remote Access Information Retrieval System in the Centennial Learning Resource Center.*

*Dr. Fields was graduated with a BS and MS Degree from Wisconsin State University at Stevens Point and has an Ed.D from East Texas State University. He has taught in both public and private schools. Dr. Fields was Director of the Audiovisual Education program and served as a demonstration teacher at the lab school for Wisconsin State University at Stevens Point.*

*We are happy to welcome Dr. Fields and his family (wife, Anne, Amy, three years old, and Eric, five) to St. Cloud.*

\* \* \* \*

Dr. John W. HEAD, who is in the Advising and Instructional Services Division recently completed his Ph.D

at the University of Wisconsin. He also has a BS and MS Degree from the University of Wisconsin. He has had experience in public and school libraries as well as at Wisconsin State University at Whitewater.

Dr. Head's office will be in the instructional area of Centennial Hall.

John and his wife, Pat, have two sons, Alex and Ian. We welcome them to St. Cloud.

\* \* \*

*Virginia S. BLASKE is a new addition in Technical Services Division. She received her BS from the University of Detroit and an MS in Library Science from the University of Maryland.*

*Mrs. Blaske and her husband Leroy have three children, Lee, Paul and Laura. We welcome her to our faculty.*

\* \* \*

Another addition to the Technical Services Division is Douglas G. CAMPBELL. Mr. Campbell received his Bachelors Degree from the University of Iowa and has a Master's Degree in Library Science from the University of Maryland.

Welcome to St. Cloud State College.

\* \* \*

*Also new on the faculty is Dr. David J. CAUCCI who recently received an Ed.D from Auburn University. He was graduated from the University of Minnesota at Duluth with a BS and has a Master's Degree from Purdue Univer-*

*sity.*

*Dr. Caucci has been a librarian in the Duluth Public Schools and as a teacher-librarian at Tyler.*

*We welcome him to our faculty.*

\* \* \*

David R. DRAHEIM is a new faculty member in the Public Services Division. He has a BA Degree from St. Olaf College, an MA from the University of Denver with a major in English and has just completed a MA in Library Science from the University of Denver.

Mr. Draheim and his wife Helen have two children, Britta and Anne. We welcome him to our staff.

\* \* \*

### JENSEN RETURNS

Fordyce JENSEN has returned to the Bureau of Learning Resources Services and Department of Library and Audiovisual Education at St. Cloud State College.

Mr. Jensen who had taught classes and has had responsibility for the Curriculum Materials Section at St. Cloud State, has spent a year at the University of Arizona where he taught a class in Children's Literature and completed his coursework for a Doctor of Education. He received his BS and MS from Mankato State College and has done graduate work at the University of Minnesota.

Mr. Jensen, his wife Elaine and their two children, Paul and Elizabeth, have returned to St. Cloud and Mr. Jensen will resume his responsibilities for the Curriculum Materials. We welcome the Jensen family back to St. Cloud.

### GRADS EARN MASTER'S DEGREES

Florence RENNER spent the past year as a graduate assistant in our Learning Resource Center working in cataloging. #### CENTENNIAL HALL LEARNING RESOURCES CENTER

Previous issues of the "IM NEWS" have kept you up-to-date on the building of the new Centennial Hall. All materials were moved into the new Learning Resource Center during the spring quarter. The instructional area was occupied for summer school. Although some of the new equipment is not yet in operation, the staff hopes that soon students will be able to make use of all facilities including the RRAIRS, color television studio, and the rear screen projection classrooms.

If you have not yet had an opportunity to visit the new Learning Resource Center, the staff would welcome you to come and make a tour of the new facilities.
