A great big THANK YOU to you both for all you've done for us this year !!!

— You've opened the downstairs for us, the Student Kitchen, and allowed us to use the front entrance !!

— We also have a VCR, great lounge furniture, that much needed doorbell, and our new phone !!

| James Roy |

Thank you for putting up with us — especially after parties in the basement, and the dishes in the student that never got washed !

TRAVELING -

We've all seen and done so much in just 6 months. Traveling has got its definite ups and downs.

- The long train rides, the heavy backpacks, and of course the wonderful and quite memorable accommodations are always involved.

Just remember... those are just the small hardships we must go through to experience the beauty and uniqueness of each

new city and country that we have had the opportunity to encounter.

We boarded the plane together that day way back in September.
Fifty new names, how will I ever remember?
Which one's Amy?
Is that one Cathy?
Ask Kim or Aron, they **always** know.
Meanwhile Michelle's leg hair begins to grow.
And Bergy's hair grew fast too.
Until Trac shaved his sides to complete his new do.
Now Thomas thinks, 'What about me?'
So he has Julie give him stripes, how about three?
Jim and Ruth, they're both great
Especially when Ruth willingly fills our plate.
Although she watches the lunch-line quite closely, especially the ham.
But it's only because she knows how much we like to SKAM!
We all had our jobs to do each week,
Dan comes and checks them, is yours complete?
Along with Vince came Ceil, his wife.
She tells us we're sinners, sinners for life!
We musn't forget those required all-day outings.
"These seats are reserved for faculty, so quit your shouting!"
Joan, Vince, and Ceil begin to pack 'cuz it's time for them to leave,
And along come our new instructors - Andy and Steve.
If you can't remember a name, change it.
So Maria's now Madge - can you explain it?
We may have homework, but what else can be done?
How 'bout some hackin'? That's always fun.
It's fun for those who play.
But ask Steve about those who get in the way!
What can we make of a bomb shelter basement?
Den stor party place - for all kinds of amusement.
Some of us have never won anything before,
So we now have a Booi, what could that stand for?
Together we went to Sweden for our first trip.
Who would've thought we'd have so much fun on a ship?
Oktoberfest was next with it's famous beer
No, it's not SKal, but Prost is the cheer,
Of course homestay John always accompanied us.
Afterall, wasn't it he that emptied the toilet of the bus?
Denmark 87-88, it's not hard to recall,
The best part is that we were together - through it **ALL!**

Together we have
experienced life,
Separately we will

And forever our
memories will
remain.

Once someone comes into my
life, I can't let them slip
away. I cannot accept that.
People are too important.
Once I care... I will always
care. For friends, I will always
be there.

People in my past are part
of my life, part of who I am,
and I don't want them to
disappear.

Keeping in touch is important
to me... enough to let me
know that although we don't
spend time together...
we do share some of the same
thoughts and memories.

Let's keep in touch... always.

MERRY
CHRISTMAS!

It's time for us to say

"Good-bye..."

Time for our lives to take
another path...

to discover new worlds.

We shared a lot of times
together.

and we've done a lot of things.

I like to think that what
we've learned from each other
has helped to shape us into
better people...

But now it's time to say
"Good-bye..."

though not forever -

Our paths will cross again
another day.

So have no tears

just think of what we had
and smile,

For our friendship and memories
will always remain.

and until another day...

11/97
 Those damn hills, trees, and
 oceans that separate us...
 I wonder.
 Is it bonding or dying?
 It should be some sign
 Of growth, this time away.
 It should explain us,
 or should it?
 Those words "All you have
 To do is call."
 We have to keep "us" alive
 Through letters and phone calls.
 They help and hurt... and hurt.
 You can't put your touch
 Into words or the warmth
 OF your eyes through the
 phone. You did though,
 Somehow, and it was
 Beautiful and it hurt.
 To give you a squeeze,
 To be in the same room
 with you, to say things
 will all work out;
 That is what's needed.

Michelle Settell

Never shall I
 forget the days
 which I spent
 with you...
 Continue to be
 my friends, as
 you will always
 find me yours.
 ~Ludwig van
 Beethoven
