If I didn't have to go to Saturday evening Mass here in Fargo I think I would have been able to talk to most of your Trivia participants---and it was fun doing so. The answer I provided to their question was that in 1972-74 we allowed first time traffic offenders to donate blood at the local blood bank in lieu of traffic fines because it filled a greater community need. Unfortunately, because of things that happened in major cities in California and New York, and the fear of contaminated blood, the Blood Services National Unit discontinued the program and would not work with the Courts in what was an otherwise very successful and productive community service option. Yes, I was elected in 1972 and I'm still the Municipal Judge. Sounds like your radio station really has the young people wound up, and that's a good thing. Keep up the good work. Thomas A. Davies, Judge

Hi. I'm the leader of a trivia team called Vandelay Industries that played your contest last weekend from Stevens Point, WI. This was our first year in your contest. We've played in the Stevens Point WWSP contest for many years, but wanted to give yours a try.

And I must say congratulations and thank you. It was a great contest. The format is excellent. I love the idea of having more than one question "open" at the same time. Allowing multiple calls to guess also adds to the fun. These features keep the activity level high and made the weekend "fly by". The people on the air and the telephone volunteers were all great; very professional yet fun. The whole thing was obviously very well put together and managed. And to be able to participate from another state via "the web" is terrific. Thank you our webmaster for us. It worked great all weekend.

We are very appreciative of all your efforts. You can be proud of a great contest. You represent SCSU well.

**Bravo KVSC staff and volunteers and thank you for a great trivia 2002. We'll definitely be back again next year.**

Sincerely,  
Terry Wiegert  
Wausau, WI
