Greetings from the President

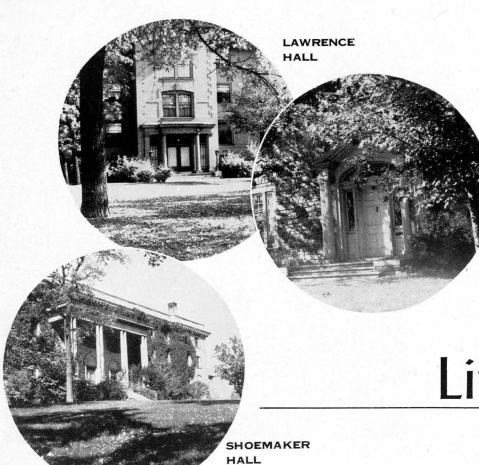

* * *

At the St. Cloud State Teachers College we look to the summer sessions as a time of unusual opportunity. The two summer sessions make it possible for regular session students as well as teachers-in-service to move forward in the job of achieving their vocational objectives. The unusual advantage of summer session lies in the fact that this is possible in an atmosphere of relaxation and friendly interest.

The course offerings for the summer of 1953 cover a wide variety of interests. The faculty is excellent. The housing facilities are attractive and pleasant. The opportunities for recreation are unexcelled.

We invite you to share a pleasant summer with us.
