ATWOOD MEMORIAL CENTER

Dear Campus and Community Members,

It is my pleasure to welcome all of you to our inaugural Huskies Showcase!

Our Huskies Showcase celebrates Scholarly, Research, and Creative Works across all disciplines at the undergraduate and graduate levels, and the engagement of the University members and community partners in these works.

We live into our commitment as “Stewards of Place” every day when our students, faculty, and staff are engaging among themselves and with our community partners in high impact educational practices that prepares our students with knowledge and skills for life in the 21st Century. Huskies Showcase celebrates this shared commitment between St. Cloud State University and our community partners by showcasing the exemplary work that has taken place throughout the year.

Driven by the dimensions of [Our Husky Compact](#), Huskies Showcase provides:

- An integrated platform to showcase student engagement and achievement through a variety of high impact educational practices
- Opportunities for students, faculty, staff, alumni, and community partners to demonstrate our shared commitment and accomplishments towards our three strategic goals: engaged students, engaged campus, and engaged community
- Opportunities for the campus community to celebrate with their current community partners and meet and build new partnerships with community members from industries, and employers from the region
- A venue to showcase distinctive student experiences to recruit future Huskies

We are committed to providing our students with opportunities to apply their learning to projects that enhance and advance both their professional aspirations and the communities in which they live and work.

I want to thank all of our students, faculty, staff and community partners for their hard work to make this event a success.

I look forward to our engagement on this day of celebration!

Dan Gregory

Interim Provost and Vice President for Academic Affairs
