MEDIAN OF THE MOMENT

Donald W. Rautio

A PUBLICATION OF THE LEARNING RESOURCES CENTER AND THE DEPARTMENT OF LIBRARY & AUDIOVISUAL EDUCATION-ST. CLOUD STATE COLLEGE (MINN.) 56301

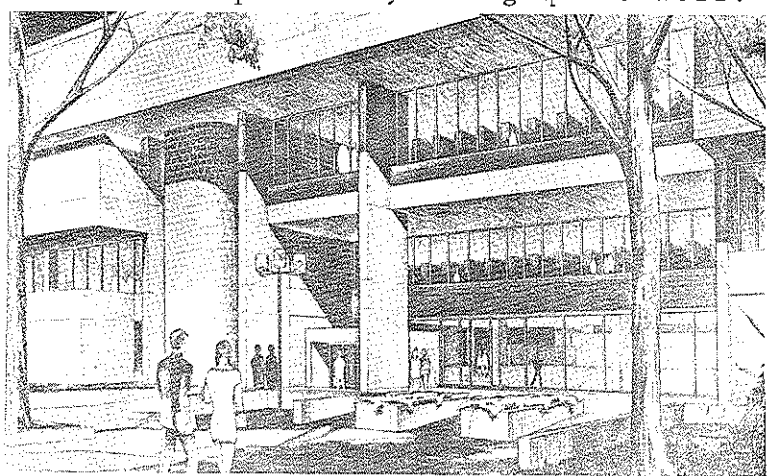

MEDIAN OF THE MOMENT

In this issue we salute Mr. Donald W. Rautio who for the past year has been serving as AV Coordinator for Elementary Schools and assistant to Mr. Tom Tripet, Audiovisual Director of Robbinsdale School District 281.

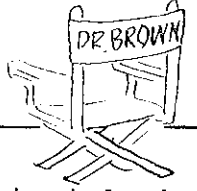

Don and his wife, Faye, are both natives of Virginia, Minn. He has taught elementary education on the Iron Range for two years and three years at Robbinsdale. In 1967-68 he took a leave of absence from his teaching duties and completed his Master of Science in Information Media at St. Cloud State. Don is now completing his first year in the Audiovisual position at Robbinsdale.

Don and Faye on April 26 became the parents of their first child, Eric, who weighed in at 7 lbs. 4 ozs. Mother, Dad, and Son are presently doing quite well.

The architectural drawings show the front entrance and overview of the new Centennial Learning Resources Center (See next page for construction.)

BOOKS ON EXHIBIT

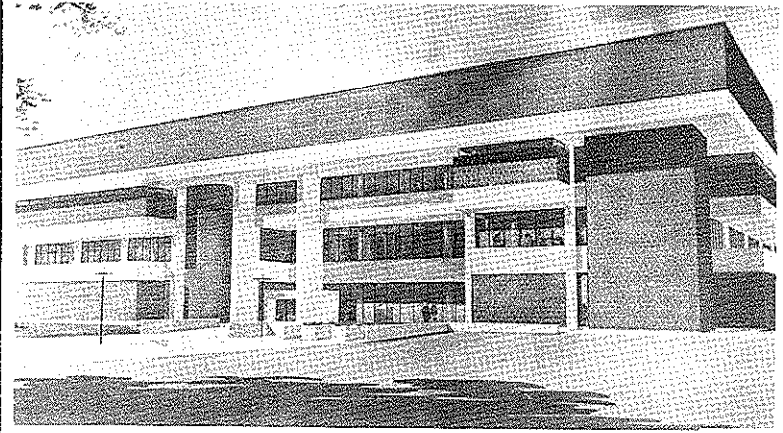

A display of over six hundred Junior-Senior High School library books of recent copyright will be on display in the Curriculum Library of State College from May 26th. The exhibit represents selections from all publishers and is designed for the "hands on" inspection by school librarians and those interested in examining the newest in library books.

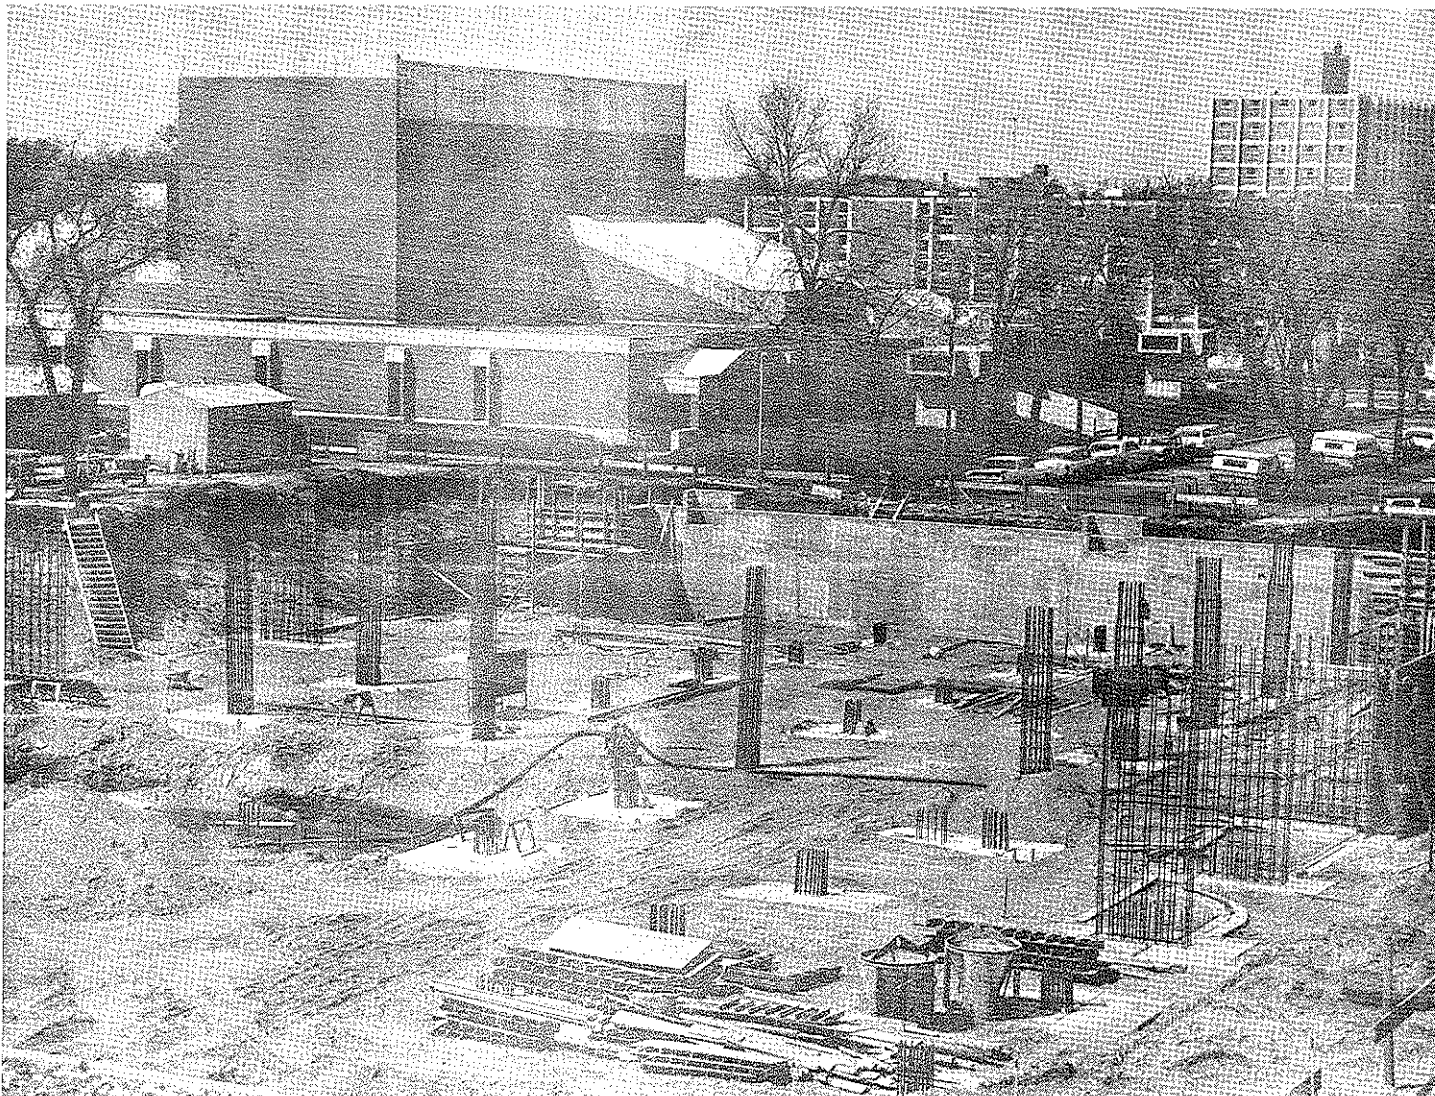

Indexed catalogs are available to the visitors who would like to browse the collection and identify those titles they should like to order through their jobbers.

RETURNING FROM LEAVE

Glenn Thompson who has been on leave to study at the University of South Dakota, is returning this summer with his Doctorate in Education Degree.

Dr. Thompson joined the staff in 1966 and took a leave of absence in 1968 to complete his graduate studies at USD.

Concrete work has started on the Centennial Learning Resources Center. This structure when completed in May of 1970 will provide St. Cloud State with a facility which will enhance the instructional programs of the college.

DAVI CONVENTION

Seven staff members of the Department attended the DAVI Convention in Portland during the week of April 27. Those who made the trip were: Brown, Cherrier, Ed Erickson, Rydberg, Savage, Schulzetenberg, and Stelling.

The Department of Audiovisual Instruction Convention afforded the opportunity to see the modern and future design of both educational technology and material! The Hilton Headquarters Hotel and the Colosseum (where the exhibition was contained) totalized the senses with multi-media presentations of all types. New product of industry ranged from programed texts to retrieval and memory systems, which did everything except replace man's brain with computer electronics. One exhibit could store the

information contained in the Encyclopedia Britannica on a reel of 8mm film with sound capabilities as well.

If you didn't attend the DAVI Convention this year begin making arrangements now for the Convention to be held April 26-30, 1970 in Detroit.

During the Minnesota Breakfast at the Convention Dr. Luther Brown announced the promotion of three staff members to assistant professor in the Department of Library - Audio-Visual Education. Those named were: Lynn Cherrier, Dave Rydberg, and Charles Stelling.
