# COMMENCEMENT MARKS RENEWAL SCSU TRADITION OF EXCELLENCE

1871 graduate Alfretta Van Valkenberg, a member of the Third Normal School's (later St. Cloud State University) first class, recalled years later the vivid memory and dramatic impact of her commencement: "I felt all of life was open to me and I could tread (life's) paths with a firm and reliant tread."

The environment on this campus has changed significantly since Alfretta received her diploma. But the one-building teacher training school where Alfretta received her higher education has something important in common with the comprehensive, sprawling university on the Mississippi that has earned a national reputation for excellence: It continues to arm students with the knowledge, experiences and skills to transform their lives. It continues to provide an atmosphere where learning from the past enriches planning for the future. There truly is a tradition of excellence and opportunity for all St. Cloud State students.

The Third Normal School's first principal, Ira Moore, and the State Normal Board displayed the foresight and progressive spirit that remains evident on this campus today. Those first leaders started building "a nucleus of a library that will in time meet all the needs of the large institution this is destined to become." Today's

state and university leaders recently secured for tomorrow's students a \$32.5 million library that will be the hub of the St. Cloud State University as it enters the 21st century.

## **Sharing a proud tradition**

With that first commencement, which took place 129 years ago in a small church building that still stands south of Coborn's on Fifth Avenue, a proud tradition was begun. Thousands of students in years to come would commemorate through this ceremony the academic and practical knowledge they had gained to prepare them for a career and for life. They would be reminded of the issues they had explored and the opinions they had formulated. They would celebrate the friends they had met from different backgrounds and diverse cultures. Today's graduates are the latest to benefit from the tradition of excellence and opportunity that Alfretta Van Valkenberg and all those in between discovered at the Third Normal School and its later incarnations, St. Cloud Teachers College, St. Cloud State College and St. Cloud State University.

For Alfretta and her peers, becoming a teacher was the only option. Now this highly accredited university offers 70 undergraduate

# O F AND OPPORTUNITY

and 37 graduate programs in a wide variety of career fields. While the campus has evolved into five colleges plus graduate and continuing studies programs and enrollment has grown to more than 14,000, St. Cloud State remains a place where students come to be transformed. Then and now students receive an affordable, high-quality education -- and a bridge to a profession. Then and now students gain the confidence to "tread (life's) paths with a firm and reliant tread," as Alfretta so aptly wrote in her tribute.

At this commencement we salute Alfretta and all the graduates who followed -- especially those we gather to pay tribute to today. Whether they are the first in their families to cross the commencement stage or are becoming one of an increasing number of second or third-generation SCSU alumni to benefit from St. Cloud State's tradition of excellence and opportunity, all share this once-in-a-lifetime accomplishment with the families and friends whose support helped bring them to this day.

# AMERICA, THE BEAUTIFUL

O beautiful for spacious skies,  
For amber waves of grain,  
For purple mountain majesties  
Above the fruited plain

America! America!  
God shed His grace on thee,  
And crown thy good with brotherhood  
From sea to shining sea.
