Speech Groups Attend Meet At Iowa

Members of the debate and discussion team attended the speech tournament held on the campus of Iowa State Teachers college at Cedar Falls, Iowa on Friday and Saturday along with 11 other colleges and universities.

Charles Fisher was rated high man in the conference with 68 out of a possible 80 points in debate. Fisher also was rated top man in his group for extemporaneous speaking. James Mendenhall was also rated top man in his group. Dave Jerde was rated third in discussion.

St. Cloud's team of Fisher and Mendenhall along with a Bethel college team were undefeated in debate. Virginia Landgraf ranked third in original oratory.

"All in all St. Cloud's group did well," Mr. Wick, of the speech department, said. "This is a first experience for most of the debaters. Since this is true, they did a creditable job at Cedar Falls."

Psych Class Sees Schools for Deaf, Mentally Retarded

On Wednesday, November 4, members of Dr. Evans Anderson's Psychology 262 class visited the School for the Mentally Retarded at Owatonna, and the Braille and Sight-saving school at Fairbault.

At Owatonna they had the opportunity to observe small classes under the guidance of trained personnel, who were teaching children ranging in age from about seven to twenty-one. Their IQ's ranged from approximately fifty to eighty.

At Fairbault the class discussed causes of visual defects, the application of sight-saving techniques, and the correction of defects. A junior high pupil demonstrated his ability at reading advanced Braille, and playing the piano. All the pupils are taught the basic academic and physical skills, and are taught how to express themselves through music.

Upon visiting the library, the students discovered that many of the books which are used in regular public school libraries are available in Braille and in recordings. This library is one of twenty-nine depositories of the Library of Congress, and makes available free materials to any visually handicapped persons who may desire them.

Math Club Meets

The Math club met on Tuesday, November 3, at 4:15 to 5 p.m. in Room 108. A discussion of the Math club booth in the coming College Carnival followed the meeting. Mr. Hans S. Berg is their advisor.

Art Work Shown In New Library

An area of the ground floor of the library has been turned into a miniature art gallery with the addition of a series of celcoubts by Boris Margo. The prints, entitled "The Months" are loaned by the Studio Gullid and Seligmann Galleries of New York.

The artist believes that people in his profession should constantly be experimenting with new materials instead of restricting themselves to the methods of painting. Consequently, he developed a new technique using plastic.

The prints on display are all modern celcoubts, and are related to the subconscious mind. . . . none of them attempt to tell a story.

Margo was born in Russia in 1902 and came to the United States in 1930, he is now an American citizen.

Mr. Dillingham has stated that there will be a permanent art display on this floor and that there will be at least two more exhibits from New York on display this year.

Thanksgiving Convo Set for Tuesday

The program has been set for the Thanksgiving convocation which will be held at 10 a.m. on Tuesday, November 24.

Dr. Budd will address the students and a musical program will be presented.

The musical portion will include numbers by the Choral club, under the direction of Mr. Harvey Waugh, and several other special numbers.

61 Autos Checked In Safety Drive

The Auto club reported that the auto check which was held October 27 proved successful.

Automobiles were checked at an average of one every two and one-half minutes. Sixty-one cars were checked during two and one-half hours. Of these only 11 were awarded safety stickers indicating that they passed all tests.

Members of the State Highway Patrol and St. Cloud police force assisted the Auto club members.

English Class Has Display in Library

Students in the English 151 class have set up displays on the ground floor of the new library. They have used in their displays such topics as adventure, science, people, poetry, music, art, places, animals and facts.

Parents Meet with Students' Supervisors

Conferences between parents of Riverview students and supervisors are being held this week for the purpose of determining how well the child is doing in his school work.

These conferences take the place of a regular report card on the student's progress. They are held in connection only with the students in grades one through ix.

This method of not sending out report cards has been used for several years and has proven very satisfactory, according to Mr. A. H. Schelske, Riverview principal.

New Juke Box Provides Music for Dancing, Eating

By Dick Kositka

Students can now wake up to the tune of "Sweet Mama, Tree-Top Tall" as they eat breakfast, chew dinner in an atmosphere of Istanbul, (or is it Constantinople?) and what could be finer than eating supper to the "Milwaukee Polka"?

Why the sudden additions to the pleasures of college eating? The reason is that shiny, new juke-box in the college cafeteria. The entire student body is astonished, and pleased with the purchase of the new machine.

School dances just won't seem the same without having to fool around with that crazy old juke-box every minute, touching a wire here or loosening a bolt there. It won't seem proper to dance to the more popular numbers now that "The Minnesota Rouser," "On Wisconsin" and "The Notre Dame Victory March" have been taken off.

The machine has many other uses, especially for those little get togethers down in the cafeteria between classes. Any congregation of Rangers will more likely be singing "Eh Campari."

Julius La Rosa will be wowing all the females as they meet to discuss "golddigging" prospects, and all heads will be turned when the juke-box gives out with a "Hey Joe!"

Scouting Award Presented To Dr. Arthur Nelson for Outstanding Service

Dr. Arthur Nelson, head of the science department, was presented with the Silver Beaver award for service to boyhood at the 34th annual Leaders Appreciation dinner of the Central Minnesota Council of Boy Scouts held at Little Falls the evening of November 8.

"My scouting career in St. Cloud," he stated, "began shortly after coming to St. Cloud in 1947. I was asked to be Scout Master of Troop 14, Bethlehem Lutheran church," he concluded.

His work in St. Cloud has included the instruction of patrol leaders, helping with such scout projects as paper collections and Christmas tree sales, and serving as Vice Chairman of Headquarters District. He has taken part in several council camporees, served as Chairman of the Council Advancement committee, and two years ago received the Scout Master's key.

Last summer Dr. Nelson was one of the three leaders for 38 of the boys from this scout council who attended the Third National Jamboree in California.

The Advancement committee, of which Dr. Nelson is a member, encourages advancement of the boys along the Scouting Trail and holds Boards of Review for candidates for the Eagle rank. He also is an advisor to the Order of the Arrow, an honorary camping society.

"I regard scouting as one of the finest youth movements," stated Dr. Nelson. "For the boy is provided fun, fellowship, and adventure, together with training in democracy and citizenship.

"It provides the boy an opportunity for doing what he likes and gives him recognition for his accomplishments," he added. "The results of the training the boy acquires and their value to him, his community and nation may not be apparent until he assumes his full responsibility as a citizen."

When asked what importance scouting could be to a future teacher he remarked, "Every teacher should have an interest in the community of which he is a part. Scouting offers one such opportunity. Working with boys outside of their classroom in scouting skills and out-of-doors activities raises a boy's estimation of the teacher and gives the teacher the opportunity to know the boy as a student," he answered.

Mr. O. J. Jerde, another member of the St. Cloud Teacher's college faculty, received the Silver Beaver award several years ago.

LSA Students Attend Conference

Twenty-two members of the Lutheran Students' association on campus attended the fall conference of the Land O' Lakes regional section of the Lutheran Students of America. The meeting was held at Macalester college in St. Paul, Friday through Sunday.

Dr. Arthur Nelson accompanied the group as chapter adviser. Corinne Ekegren, study and witness secretary of the region, is also from this chapter.

The theme of the conference was "Thy Will Be Done," and was centered around the trial, crucifixion, and resurrection of Christ.

Succeeding John Norby as regional president, who is taking a national office, is Fred Staaland. Both are students of St. Olaf college, Northfield.

Plans were begun for a later conference early this spring.

Bjornson Emphasizes Role of U. S. in World Affairs At Armistice Day Convo

Mr. Val Bjornson, state treasurer of Minnesota, in his Armistice Day talk at last Tuesday's convocation, emphasized the important role that the United States has in world affairs.

He stated that our country must continue to be strong and must maintain adequate defenses in order to make America's voice mean something.

In connection with Armistice Day, Mr. Bjornson commented that although World War I was supposed to be "a war to end all wars" we have since then been engaged in two other conflicts. He believed, however that these wars would have been difficult to avoid.

If we had not entered the war, according to Mr. Bjornson, the United States would not have the enviable spot that they hold in the world today. He praised the United Nations for its action to curb aggressors in Korea. He pointed out that it was our moral obligation to step in and challenge the aggressor nations.

Some facts and figures were given in regard to the money spent for wars. Mr. Bjornson brought out the fact we could better meet the needs of education if such a large amount of money wasn't necessary for war. War debts, past, present and future are costing Americans 85 cents out of every dollar.

Other numbers on the program included three selections by the Choral club, under the direction of Mr. Harvey Waugh. The larger group sang "Dwell Deep" and "Praise Universal." The latter number featured Miss Audrey Ekdahl as soloist. The smaller ensemble rendered "Souls of the Righteous."

The convocation was attended by representatives of the St. Cloud Veterans association, who co-sponsored the program with the Future Teachers of America group from the college.

Mr. Jerde, who acted as chairman, explained that American Education Week has been instituted since the end of World War I, and that the four organizations that sponsor this week are The American Legion, The National Education Association, The National Organization of Parents and Teachers, and the Office of the United States Government.

Student Council Minutes

The November 9 meeting of the Student Council was called to order at 7:05 p.m. by President David Jerde. The minutes were approved as read. Roll was taken and all members were present.

Lyle Schmidt reported on the waste paper and cigarette problem in front of the second floor lounge.

A suggested revision of an article in the proposed Student Council constitution was read by Lyle Schmidt. It was stated as follows:

Article III, Section 1.—

At the first meeting in the fall, the council shall select members of the standing committees of the council.

(A) The selection for each committee shall be made from a list submitted by that committee.

(B) Said list shall contain the names of incumbent members, marked in distinguishing manner, from which must be selected at least one-half of the total membership for that committee if they are available.

(C) The Student Council representative on each committee shall have the responsibility of submitting to the committee, for the list, any name the council would deem necessary for inclusion.

After much discussion with visitors and members of the constitution committee, Lyle Schmidt moved we accept this revision. Pete Peterson seconded and the motion carried.

Don Hill brought up the problem of inadequate lighting in Eastman hall. After he explained the situation Jerry Carlson moved that Don help push a petition that will be forwarded to the proper administrative department. Bob Borgert seconded and the motion carried.

Jerry Carlson moved we look into the possibility of fixing the doors to Stewart hall auditorium, as they make a lot of noise when opening and shutting. John Ryan seconded and the motion carried. Pete Peterson said he would look into the problem and see what could be done.

The meeting was adjourned at 8:45 p.m.

Respectfully submitted,

Peter Peterson, secretary

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

"Your hair's no yaks!" bellowed Sheedy's gal. "Those cowlies look awful. Why not take the bull by the horns and get yourself some Wildroot Cream-Oil, America's favorite hair tonic? Keeps hair combed without greasiness. Makes you look cut-dy. Removes loose, ugly dandruff. Relieves annoying dryness. Contains Lanolin. Non-alcoholic. I won't cow-tow 'til you start using it heifery day." Paul was utterly stunned, so he bought some Wildroot Cream-Oil for just 29¢. He told his girl the good moos and now they're hitched for life. So just steer yourself down to any toilet goods counter for a bottle or handy tube. And remember to ox your barber for Wildroot Cream-Oil too. You'll be the cream of the campus—and that's a no bull.

Seventeen Out for Wrestling; Charles Ernst Lost Via Injury

By Don Casey

A total of 17 prospective wrestlers responded to coach Glen Gerdes' initial call for candidates.

The squad will be hampered by the loss of letterman Charles Ernst, and the possible loss of another, word winner, Wendell Beal.

Ernst will be lost through a recent operation to remove a cartilage from his knee while Beal will not be available unless he can make job arrangements.

At first indications, the various weight classes shape up as follows:

There are no candidates in the 123 pound division and Bill Veakennes, freshman from Robinsdale, is the lone hopeful at 130 pounds.

In the 137 pound class, letterman Willie Krueger, sophomore from Alexandria, and Robert Iversrud, Rochester freshman, will clash for the position.

Letter winner Roger Reed meets the challenge of Wayne Winjum, freshman and former Paribault high standout, and Don Cash, Little Falls junior, in the 147 pound division.

St. Cloud freshman Roger Weihauch, fourth in the state high school 138 pound class, and sophomore Jim Mills, also of St. Cloud, are the two 157 pound candidates.

A good battle shapes up at 167 pounds with freshman Willard Raitke, four year letterman at Litchfield, Jim Sura, junior from Little Falls, and Dale Werner, Dassel freshman, vying for the post.

Fran Chapplius, of Faribault, and Dick Maertz, three year letterman at Albert Lea, both freshmen, are alone at 177 pounds.

Faribault freshman Tom Greene, state high school heavyweight champion, George Porgoric, Virginia sophomore, Virg Deering, junior from Little Falls, and Gene Petersen, St. Cloud freshman, are the heavyweight hopefuls.

The schedule is still incomplete. December 5—AAU at Minneapolis. December 8—At South Dakota State.

January 9—at Bemidji
January 16—at St. Olaf
January 18—at Moorhead

Borgert, Fisher, Czech, Cash, Cop All-Conference

Announcement of the Teachers College all-conference team found four Huskie griders copping all-star recognition.

Winning first string honors were Don Cash, Bob Borgert, Ollie Czech, and Mel Fisher.

Second team births went to Sheldon Anderson, Ben Schultenover and Roy Grove.

Honorable mention went to Jerry Reichel and Virg Deering.

Mel Fisher, a senior from Minneapolis, gained a first team guard spot for the second consecutive year. As reported in the Minneapolis Morning Tribune, head Coach Les Luymes said that Fisher was "as good a lineman as I've seen in the state."

He went on to say that Fisher was probably, "one of the best linemen that I've ever coached."

Bob Borgert, senior from St. Cloud, played his high school football at Cathedral. Bob quarterbacked this year's eleven.

End Ollie Czech and halfback Don Cash are both juniors. Czech, who hails from Holdingford, copped all-conference honors for the first time. He scored one touchdown in conference play.

Cash, the little 145 pound speedster from Sauk Rapids, scored four touchdowns from his left halfback position. Cash was named to the second team all-conference squad last year.

Here are the all-conference teams

Huskies Prepare For Alumni, Bethel Tilts

Coach Les Luymes' Huskie hardwood squad will face a strong Alumni quintet on Saturday, November 21, in the opening basketball game of the year.

The following Tuesday will find Bethel college of St. Paul invading Eastman hall in a non-conference affair.

The Alumni contest, an annual attraction, is again being sponsored by the Letterman's Club.

Sauk Rapids coach Jack Conley will direct the Alumni cagers. Feature attraction for the Alumni will be the presence of Ken Novak, former St. Cloud cager. Novak gained fame by setting an all time individual scoring record, and copped all-conference honors.

Novak recently had a tryout for the world's professional basketball champion Minneapolis Lakers.

Don Buege, who led the Huskies scoring last year, will start at center. Buege, who stands six feet four inches tall, was the only Huskie cager to make the conference first team.

Other players who will perform for the Alumni are Dick Gislason, and Dave Westlund, who is a brother of Rog Westlund.

Admission for this contest will be 25c for students and 50c for adults.

Bethel will furnish the first regularly scheduled opposition. Last year, the Huskies defeated the St. Paul school twice.

In preparation for these contests, Coach Luymes has been sending his squad through many fundamental drills and scrimmages.

The following are a list of some of the players who will be counted on to carry the burden of work.

Bob Borgert and Don Hill are a pair of reserve guards back from last year. Both are seniors.

Borgert played his high school ball at Cathedral, while Hill played for Sauk Rapids High school.

All-conference forward Rog Westlund will, in all probability, make a starting position again this year. Westlund is from Atwater.

Debby Wold, junior from Dawson, and Dick Frie, junior from Melrose, are two reserve guards.

Sophomore varsity prospects are Jim Rawland from St. Cloud and Pete Peterson from Brainerd.

Iversrud Cops IM Tennis Title

Intramural tennis tournaments have come to a close with champion Robert Iversrud winning over Jerry Smith.

Iversrud entered the final round after dropping to Pete Peterson, 6-2 and 8-6. His opponent, Jerry Smith, won his semi-final contest from Jim Cashman, 2-6, 6-3 and 6-0.

In the championship match Iversrud won the first set 6-4. He was defeated in the second 4-6 by Smith to tie up the match. Iversrud won the championship by winning the next set 6-3.

Iversrud attended high school at Rochester, where he won three tennis monograms.

He participated in the State high school tennis tourney in 1948 and finished in fourth place.

Besides his tennis ability, Iversrud has had experience as a wrestler while in high school and later in the Navy.

He has reported out for the St. Cloud wrestling team, which has just begun workouts.

Lists of intramural basketball teams should be handed in not later than November 24. Captains should note this warning if they wish to enter a team in this winter's competition.

Suggestions Given to Help Catch Disagreeable Males

Girls, if you still haven't trapped your man for the Goldiggers ball Friday night, it's about time you do. This may be your only chance for a date this year, so take advantage of your good fortune. However, you may not realize that this process of getting your man calls for new and unusual tactics. We are not questioning the striking charm and beauty of the St. Cloud coeds, but a few helpful hints at this late date may prove to be useful.

The best way to attract the attention of a boy is to brag yourself up. After all, who knows your best qualities better than you? Continually talk about your many admirers, your expensive clothes, and your resemblance to Jean Simmons or Marilyn Monroe.

Just in case he still doesn't appear overanxious to be your date, try this. Wear false eyelashes, paint your fingernails green, and don't forget to attend all fraternity meetings. It is a known fact that boys love to go with girls who are different.

The two former suggestions seem "oolproof," but if boys still tell you they're going home this week-end, drastic action must be taken. By now there is no more time to be tactful. Chloroform, blackjacks, and bear traps may be rented from the A. W. S.

Magazine Publishes Article by L. Smith

Dr. Lewis Smith of the English department has had an article entitled "Rekindling at Alexandria" published in the current issue of Minnesota Libraries.

He emphasized the important role that the modern library plays not only in the education of students but also of adults. There are two hindrances, however, which he says must be eliminated. That of "neglect and censorship."

The libraries of today are urged not to take the course of ancient Alexandria, whose library "ceased to function as a library."
