# Election Date Is Unconstitutional; Hot Issues Discussed At Convocation

Filing for student council candidate executives closed last Wednesday at four o'clock with 12 candidates competing for the four offices.

The election was originally scheduled for last Friday, but council president, Al Johnson, stated "The elections have been postponed until this Thursday in

accordance with the council constitution, which was not originally provided for." The constitution states that election must take place one week following the convocation that introduces the candidates.

When asked why the regulations were disregarded Johnson said, "No objections to this pro-

posal were made by the council when the filing dates were announced at the meeting." Johnson further commented "The present council's term of office expires April 20, and with Easter vacation cutting our time short, we decided to push the election dates up."

This will require a special meeting of the student council later this month to install the new officers and representatives.

Johnson also wishes to announce that filing for class officers and council representatives opens today and closes Friday at 4 p.m. Filing blanks are available in

Room 110. The election date is April 23, from 9 a.m. to 4 p.m.

There are openings for 10 representatives-at-large, who do not represent any one class, the only qualification being that they must have a minimum honor point ratio of 2.0 and must belong to that class during his term of office.

## Party Platforms

Bob Kellas, Don Jensen and Jerry Engwall lead the slates in the race for president of student council. Lowell Sahlstrom, Denny Ringsmuth and Dave Herzig are vying for the vice-presidency on the respective slates.

During the convocation, which took place at a coffee-hour in the Stewart hall cafeteria, last Thursday at 4 o'clock, these six candidates delivered their speeches on the issues that they promise to uphold and correct.

Don Jensen, who spoke first, included in his speech a program to establish a new cut system here as State, he also promised greater voice and representation for off-campus students.

Bob Kellas was next to speak and promised to oppose the city ordinance which would forbid college drivers to park their cars on and around the campus. He said that the city council will try to pass this ordinance this summer, and since he lives in St. Cloud

Bob Kellas

and is a voting citizen, he feels he is best qualified to fight it...

Denny Ringsmuth, who lives in Waite Park, in his speech, felt that he was better qualified to fight the proposed parking ordi-

Don Jensen

nance because his brother is mayor there and has influential friends. Ringsmuth referred to his opponents as "radicals" and said that the students should not vote for people of whom they

Jerry Engwall

would be ashamed to have as the elections should have been held last Friday, no matter what the constitution said.

Rising to speak, after Ringsmuth's speech, was Lowell Sahl-

strom who opened with "I'm only executives. He also insisted that sorry that I don't have a brother to help us out on this proposed parking ordinance. I guess we'll have to do it by ourselves." Sahlstrom, also, endorsed the continuation of the "Green Beanie" tradition here at State, after some recent pressure against it.

Dave Herzig spoke next on the functions of student council as a "whole" organization and continued to emphasize the importance of the different committee heads. Herzig's running mate, Jerry Engwall, was out of town at the time of this convocation, but Herzig assured the students that if they were elected, they would do their best job as executives.

Following these speeches was a brief introduction of the candidates who filed for secretary and treasurer. They are as follows: secretarial candidates — Barb Krogh, Joan Benson and Carol Barnum; treasurer candidates — Bob Benson, Carol Frelander and Mary Kay Nilan.

## John L. VI in Sensational Condition for Big Swim

Special report from the training camp of John L. VI

John L. VI has been working diligently for the last two weeks in order to be in top condition for the ordeal ahead, his annual swimming of the mighty Mississippi!

His training consists of: (1) twenty laps in the bath tub before breakfast, (2) duck walking to and from class, (3) existing on a strict diet of hominy grits, sow belly, and melba toast washed down with a snort of yogurt, (4) improving his breathing by limiting himself to one box of Phillie blunts a day.

John L. was caught in action by this reporter and quoted as saying, "I (wheeze) am confident that sometime during the early part of this week (Ed. note—meaning the week of April 13-18) I will be ready to (gurgle) shatter my old record. I'm hoping (gasp) that all my old friends will (splash) be at the river side to cheer me on (glub, glub, glub)."

## Rutgers U Is Scene of Debate

Rutgers university, the scene of the first intercollegiate debate, played host to 500 students from 49 colleges and universities two weeks ago. Competing in this national competition were five St. Cloud students.

In debate Nancy Gasperlin and Gretchen Boatman won five out of their six debates. They debated Roanoke college, Duke university, University of Kentucky, Fordham, Case Institute of Technology and Purdue. Miss Gasperlin placed among the top six speakers in the national individual speaker ratings.

Bill Riggs and Bob Knudson won two and tied three in their debates against Drew university, Brigham Young university, Muskingum college and the universities of Maryland, Vermont and South Dakota.

This annual swimming of the Mississippi River was started way back in 1952 when a "complete nut" (as he was known by his fellow Al Sirats and whose name is withheld for obvious reasons) decided to swim the river. It was strictly a personal effort, for this "nut" made his own posters and hired his own band to accompany his feat. After it was all over the Al Sirats began to think it was not such a "nutty" idea as they at first suspected, and they decided to sponsor the event in the following years making it an annual affair at St. Cloud State.

Other traditions have grown up in addition to the swimming phase—continued this year also—such as a short parade beforehand, down 1st Street and back carrying the brave John L. This is followed by a complete greasing ceremony which takes place behind the old library building, and from which point John L. makes his heroic plunge into the icy waters of the Mississippi.

THE CAMPUS CARNIVAL was a lot of fun for almost everyone. Shown here are screaming women plus several broken eggs.

## SPAN Lectures

Eleanor Gustafson will be the featured speaker at the SPAN Lecture to be given today at 4 p.m. Miss Gustafson, who Sweden under the SPAN spent last summer in program will be speaking and also showing slides. Miss Gustafson studied folk dancing as her SPAN project.

The SPAN lecture will be in the Lawrence Hall basement at 4 p.m. today. The program is one of the many projects sponsored by the AWS this year.

## AWS Sponsors Special Tea

All AWS board members are asked to remember the AWS Workshop that is being planned for April 18 at Talahi Lodge. Present members of the board plus next year's officers should be present.

The program is under the direction of Miss Carol Kaping from Milaca and Miss Jane Golie from Sacred Heart. The workshop will be from 10 a. m. to 3 p. m. Included in the day will be a business meeting, a report on the national convention in Phoenix, Arizona, by Miss Karlene Olson and Miss Molly Dolan; an evaluation of AWS work this year and plans for next year's AWS board. Lunch will be served to the delegates.

## Play Setting In Full Swing Here at State

Work on the stage setting for the St. Cloud State college production of an original version of Moliere's THE DOCTOR IN SPITE OF HIMSELF is now in full swing.

The set designs are a combination of the old and the new. Mr. Richard Baschky, the designer and technical director, has taken the basic 17th Century style of decor and with clever use of line and color has turned it into what might be called a caricature of a 17th Century set.

The sets involve the wing and drop set, modified in such a way as to facilitate movement within the set itself, rather than in front of it as was done in the 17th Century. The modern influence is also reflected in the platforms which have been added to give different acting levels.

The set is mostly two dimensional, with much detail painting to give a three dimensional effect, a technique that was commonly used in the 17th Century.

The costumes, as well as the sets, reflect the light and airy quality of the play. They are bright and gay in color and modified versions of the 17th Century costumes.

The production will be presented in Stewart Hall Auditorium on April 30, May 1, 2 and 3. The production director is Dr. Arthur Housman, and the musical director is Mr. Harvey Waugh.

# Fight For The Right

For probably the first time on this campus in many years, students have been conscious of the fact that the Student Council election IS important and that it is something worth FIGHTING for.

For those of you that don't know why the election has been postponed, the reason is evident in the student council constitution. It states that the election must take place one week following the coffee-hour. Up to this year, this article has gone unrecognized and elections have taken place the day following this convocation.

The obvious reason for the insertion of this article was to make sure that the students got to know their candidates and would not vote haphazardly. Another reason is that campaigning is an essential part of ANY election.

At the coffee hour last Thursday afternoon rash statements were made by a candidate that the election was scheduled for last Friday and should have been held then regardless of what the Student Council constitution said. There are no grounds for this kind of thinking because when man no longer has law, he has only anarchy. The only rights for individualism are the rights for the individual!

Although the different committees and the candidates themselves have a lot of fun campaigning and running for election, all of their efforts are directed toward YOU—the voter. Much time, money and energy has been expended to catch your attention and maybe your vote. Don't disappoint them!

Let's make this the biggest election ever. Pick the candidates that you think are best and give them more than just your VOTE. Give them your SUPPORT!

# Letters To The Editor

Science teachers at St. Cloud State should realize that not all students are scientific and mathematical geniuses. Why must they always go to extremes as far as work is concerned in the Liberal Arts courses, (the "100" courses), especially?

It should be brought to their attention that not EVERYONE is majoring in science and that they might exercise a reasonable and practical approach in teaching these subjects.

It should also be noted that in such courses where pores and outside reports are required that in many cases the above mentioned can be, and ARE copied. Therefore, it may be assumed that learning can NOT be judged by this criterion when grades are to be issued.

Some science courses stress too much memory work. Anyone with a little psychology background knows that a person tends to forget most of which he has tried to cram into his head for a coming exam! These courses do not stress the memorization of forty or fifty items but literally HUNDREDS of items. Is this type of study advantageous for a student not majoring in science, or is it only part of the "weeding-out" process?

I would strenuously object that instead of trying to cover an extensive program of study, the science department attempt an intensive program of study of fewer fields which would be more helpful to more students.

Signed: A "B" Student.  
(Name withheld by request)

Since establishing the nationalism form of government in the Arabian world many problems have arisen. The people of these countries have become relatively free of foreign domination for the first time in many decades. This type of government leads to many decisions which the citizens are unaccustomed to making. The more prosperous and educated citizens of this new, independent United Arab Republic are beginning to migrate to other countries in order to develop a better understanding of the customs, the people and the developments existing in these longer seeded societies.

With this new found knowledge, they will go back to the United Arab Republic countries and share their experiences with the less fortunate Arabian people. This task will be accomplished through schools, lectures, communication media, etc. However, it is every American's job to make sure that the so called fortunate Arab student that has migrated to our country, is understood by us before he can understand us. The keyword then is "understanding," it will make the difference between being fortunate or unfortunate.

Thus far the Arab students have started their long method of understanding through the universities and colleges. The American universities have become one of the primary places for the accomplishment of this goal (combined understanding). They started organizing clubs seven years ago and at that time they made a list of the areas in which they should concentrate their efforts. The group agreed that heading their list must be the promotion of friendship and goodwill with the American students they came in contact with, also the creation of interest stimulated on the part of the Americans could greatly aid their cause.

This took a great deal of time and effort on the part of the students because there were many internal problems which they had to settle with themselves before they were ready to invite Americans to attend their meetings. Finally after seven long years of hard intellectual work the time came for them to start the wheels turning and they invited American students to Chicago. The convention made many important resolutions to follow (all these resolutions will be discussed at the May meeting of the International Relations Club in a full report of the convention by Riyad Izzat: These people are like disciples of the past, they are trying desperately to create American interest in them and to pro-

I once received an answer to a question asking how much we as Americans have really done for other countries. "Well, we send money to them, don't we?" I learned a long time ago that friends you buy aren't true friends, so are we making a mistake in our foreign policy? Maybe more emphasis on understanding

# Jobs Abroad Foster Friendship And Fun

More job opportunities in Europe this summer . . . Work in the forests of Fermany, on construction in Portugal, on farms in Germany, Sweden and Denmark, in a kibbutzim in Israel, or on road construction in Norway.

The governments of these countries, as well as Ireland, Switzerland, England, France, Italy, Spain and Holland have made jobs available to American university students coming to Europe the summer of 1959.

Last year, the first group of American students made their way across the Atlantic to take part in the actual life of the people in these countries. The success of the project has caused a great deal of enthusiastic interest and support both in America and Europe.

This year, the program has been expanded to include many more students and jobs. Already, many students have made application for 1959 summer jobs. The American - European Student Foundation (a non-profit organization) is offering these jobs to students for Germany, Scandinavia, England, Austria, Switzerland, France, Italy, and Spain. The jobs consist of forestry work, child care work (females only), farm work, hotel work (limited number available), construction work, and some other qualified jobs requiring more specialized training.

## March on CP Slated for May 19

May 19 has been selected for the "53 Minute March on Cerebral Palsy" in Central Minnesota. Dr. Albert Krueger, associate professor of psychology, made the announcement this week. Dr. Krueger is president of the Central Minnesota affiliate of United Cerebral Palsy.

Part of the funds raised in the annual drive will be used to help maintain the CP center here at State. Started in 1954, the center averages 10 pupils a year from the 10 county area served by UCP-PCM. Their program, similar to regular school, is fitted to the abilities and needs of the pupils. Miss Eva Cook is the director in charge.

# Rain of Bricks Ceases; Peace Reigns at State

Have you been wondering why bricks have been falling from Stewart Hall? Well there is a very good reason!

## Shoe Addition

Bids will be taken by the Minnesota State College Board April 24 for construction of a 400-bed addition to Shoemaker hall here at St. Cloud State. Target date for completion is September, 1960.

Shoemaker now has a 150-bed capacity and has been used as a men's dormitory since the opening of the new Mitchell hall dorm. Lawrence hall, also a women's residence, will be used for male students beginning June 1, when the 180-bed addition to Mitchell hall is completed.

Construction of the addition to Shoemaker hall will be financed by bonds sold under the 1957 bonding authority of the Minnesota State college board.

The addition to Shoemaker hall will bring to 1,100 the dormitory capacity of the college by the fall of 1960, or 39 percent of the estimated enrollment of 2827. Now only 20 percent of the students are housed on campus.

If you ever looked at Stewart hall in the past you would have noticed a ledge extending above the main building. This ledge is called a parapet. The purpose of a parapet is to conceal any penthouse or similar constructions. The parapet is joined in several sections by seams. Rain and other forms of moisture accumulated in the seams; when below freezing weather occurred the seams were forced apart. As the seams grew farther apart more moisture accumulated. The results of this process were that moisture ran onto the third floor and also decayed the bricks on the outer wall of the building.

The construction company is now removing the parapet and all decayed bricks. They will then replace the decayed bricks and construct a new parapet. The new parapet will be only three bricks high, this is much lower than the old parapet. Also they are strengthening the outer wall where it began to buckle out from the building. After the parapet is completed the construction crew will place a water proof material over the parapet to stop any future leakage.

LOWELL SAHLSTROM "poses" for his picture at the Alpha Phi Omega booth at the Campus Carnival.

## Parnassus Exists, or Does It?

In early Greece there was a mountain, venerated as the dwelling place of the gods of inspiration. At St. Cloud State there is a club known as Parnassus. There are no gods, and no one closely related to the gods in it, but there is a germ of inspiration. And as the old saying goes, germs multiply into more germs.

Past meetings have been concerned with criticism, discussion of certain literary works, and folk music, to list a few topics. Future meetings may involve diverse subjects with many thought-provoking processes revolving. These meetings are not to be extensions of classes but rather an orderly mixture of people and ideas. An additional concern is the formation of a literary magazine. To achieve this we want writers, no matter what form, who will write.

A sadness exists, if no one does this more work results and more time is consumed. But is this bad?

It may be too late for the Eighteenth Century coffee houses, but there can still be house, or rather "shop" talk.

## Frosh Given Time Next Fall To Register

During New Student Week, this coming fall quarter, there will be a change in registration procedure. The freshmen will be given a definite time on their schedules to register. Upperclassmen will not be permitted to register at this time. For this reason upperclassmen should pre-register during the spring or summer.

Upperclassmen who have pre-registered will be able to pull their cards and pay fees during New Student Week. Cards will be pulled at a different location than where preregistration is taking place.

Co-Chairmen of New Student Week are Gretchen Boatman and Dennis Fors. They are in the process of completing New Student Week schedules and selecting co-chairmen for the various committees.

# THINKLISH

## English: CAMPUS TOUGH GUY

**Thinklish translation:** This character belongs to the beat generation, as any black-and-blue freshman can testify. When he cracks a book, it ends up in two pieces. His favorite subject: *fiistory*. Favorite sport: throwing his weight around. Favorite cigarette? Luckies, what else? Puffing on the honest taste of fine tobacco, he's pleased as Punch. If you call this muscle boulder a *schooligan*, bully for you!

# History of Jazz Is Progressive

by Denny Ringsmith

Since the advent of progressive jazz, Saint Cloud State has taken an active interest in this new form of art. Jazz, which has been termed by sociologists and artists as America's only true art form, has been in evidence on our campus for several years.

Some of the more prominent jazz groups which have appeared here are the Modern Jazz Quartet, Paul Bley Trio, Benard Peiffer Trio, Herb Pilhofer Octet, and the Herb Pilhofer Trio.

Many students are interested in jazz and have cultivated this interest in their friends. A number of students have jam sessions and still others hold informal listening sessions.

Al Sirat Fraternity has an ac-

tive Dixieland Band. They are naturally proud of this band and it always arouses interest around the campus.

Last year Lambda Chi Beta Fraternity sponsored the Herb Pilhofer Trio in its first annual Jazz In The Northland series. This year the men of Lambda Chi will feature the Dave Karr Quartet in the second annual Jazz In The Northland program. Eventually the fraternity hopes to develop this into a weekend long jazz festival which would feature talent from regional colleges as well as a featured artist.

As you can see, student activity committees, and fraternities are all helping to cultivate jazz here at State.

Jazz, especially Progressive Jazz, is the musical idiom which is sweeping the college campuses from East to West.

## Legislature

On April 7th and 8th, last Tuesday and Wednesday, five students along with Mr. Harold Lieberman, Associate Professor of Sociology, went on a trip to St. Paul to observe the Legislative sessions in action. The five students were: Judy Gables, Kathleen Maus, Donald McLeland, Judy McLeland and David Neron.

The trip was sponsored by the Minnesota Citizenship Clearing House.

THE ABOVE PICTURED are winners in the annual Science Academy Fair held at St. Cloud State last Saturday.

## Science Fair Held Here For High School Students

Fledgling scientists from 32 Central Minnesota high schools exhibited 175 projects last Saturday at St. Cloud State during

the region's ninth annual Science Fair.

More than 500 junior and senior high school students — plus 100 faculty members — attended the fair, sponsored by the Academy of Science and the Science Teachers of Central Minnesota.

Purpose of the event, according to Dr. Arthur Nelson, head of the science and math department, was "to stimulate interest in science and mathematics on the part of students, parents and teachers."

Winners of "A" ratings in the regional contest are eligible to enter their projects in the Minnesota Junior Academy Science Fair, slated for May 1 and 2, at Bethel college, St. Paul.

Get WILDROOT CREAM-OIL Charlie!

CLEO PATRA, snake charmer, says: "All the queens admire handsome hair... so asp for Wildroot!"

Just a little bit of Wildroot and...WOW!

## PE Division Attends Waterloo Convention

Seven members of the faculty in the physical education division returned here Saturday from a three-day convention in Waterloo, Iowa.

The convention was the Central District Convention of the American Association for Health, Physical Education and Recreation. Its purpose was to study the problems involved in the teaching of the various phases, especially the training of teachers and teaching activities in physical education.

Representatives from St. Cloud State included Miss Marlene Adrian, Miss Marjorie Biegler, Miss Frances Bleeck, Dr. A. F. Brainard, Mrs. June Goerner, Miss Eva McKee, and Mr. George Serdula.

## Sahlstrom Speaks At Boy's County

Stanley Sahlstrom, assistant to the president and director of special services at the St. Cloud State, was the main speaker at the annual Boys' County held at Hotel St. Cloud last Wednesday. Boys' County was started six years ago in Stearns County, and was sponsored by the American Legion posts of this county.

But soft! What taste from yonder **FILTER-BLEND**...

## IT'S WHAT'S UP FRONT THAT COUNTS

This filter, be it e'er so pure and white  
Must needs give flavor too, full clear and bright  
Else would the trusting smoker, filled with hope  
Again be dashed, dejected be... and mope.

And thus we come to Winston's obvious truth  
It's what's up front that counts—and 'tis, forsooth  
In that the fine tobaccos, in the end  
Are by exclusive process—Filter-Blend—  
Become the tastiest taste that e'er hath played  
Across your dancing taste-buds, man or maid!

Be ye not slow, therefore, to test the wit  
Of what we say: that Winston, friend, is //;  
For that with ev'ry smoke ye do delay  
Ye are not gath'ring rosebuds while ye may!

"We are advertised by our loving friends..."

## Boys Register

Lt. Colonel Murley A. Reep, State Director of Selective Service, is calling attention to the fact that all young men (including those who are or who become members of a reserve component including the National Guard) must register with their nearest local selective service board when they attain eighteen years of age or within five days thereafter. Failure to register is a violation of the law and makes the delinquent liable to penalty.

"All a young man has to do,"

Colonel Reep said, "is to present himself to the local board or registration place designated in that particular area most convenient to the place he happens to be when he becomes eighteen. Registration process is simple and requires only a short time."

"The law is specific," he said, "and provides severe penalty for failure to comply," adding that the law is also specific in its requirements concerning the obligation of a registrant to keep his local board informed as to any change in his address — where he may be reached by mail, that is — or any change in his occupational, marital, family or military status.

## On Campus with Max Shulman

(By the Author of "Rally Round the Flag, Boys!" and, "Barefoot Boy with Cheek.")

### VIVE LE POPCORN!

The other day as I was walking down the street picking up tinfoil, (Marlboro, incidentally, has the best tinfoil, which is not surprising when you consider that they have the best cigarettes, which is not surprising when you consider that they take the best filters and put them together with the best tobaccos and rush them to your tobacco counter, fresh and firm and loaded with smoking pleasure). The other day, I say, as I was walking down the street picking up tinfoil, (I have, incidentally, the second largest ball of tinfoil in our family. My brother Eleanor's is bigger — more than four miles in diameter — but, of course, he is taller than I). The other day, as I was saying, while walking down the street picking up tinfoil, I passed a campus and right beside it, a movie theatre which specialized in showing foreign films. Most campuses have foreign movie theatres close by, because foreign movies are full of culture, art, and esoterica, and where is culture more rife, art more rampant, and esoterica more endemic than on a campus?

Nowhere; that's where.

...alas, his flashlight battery is burned out

I hope you have all been taking advantage of your local foreign film theatre. Here you will find no simple-minded Hollywood products, marked by treacly sentimentality and machine-made bravura. Here you will find life itself — in all its grime, its poverty, its naked, raw passion!

Have you, for instance, seen the recent French import, *Le Crayon de Mon Oncle* ("The Kneecap"), a savage and uncompromising story of a man named Claude, whose consuming ambition is to get a job as a meter reader with the Paris water department? But he is unable, alas, to afford the flashlight one needs for this position. His wife, Bon-Bon, sells her hair to a wigmaker and buys him a flashlight. Then, alas, Claude discovers that one also requires a leatherette bow tie. This time his two young daughters, Caramel and Nougat, sell their hair to a wigmaker. So now Claude has his leatherette bow tie, but now, alas, his flashlight battery is burned out and the whole family, alas, is bald.

Or have you seen the latest Italian masterpiece, *La Donna E Mobile* (I Ache All Over), a heart-shattering tale of a boy and his dog? Malvolio, a Venetian lad of nine, loves his little dog with every fibre of his being. He has one great dream: to enter the dog in the annual Venetian dog show. But this, alas, requires an entrance fee, and Malvolio, alas, is penniless. However, he saves and scrimps and steals and finally gets enough together to enter the dog in the show. The dog, alas, comes in twenty-third. Malvolio sells him to a vivisectionist.

Or have you seen the new Japanese triumph, *Kibutsi-San* (The Radish), a pulse-stirring historical romance about Yamoto, a poor farmer, and his daughter Ethel who are accosted by a warlord one morning on their way to market? The warlord cuts Yamoto in half with his samurai sword and runs off with Ethel. When Yamoto recovers, he seeks out Ethel's fiancé, Red Buttons, and together they find the warlord and kill him. But, alas, the warlord was also a sorcerer and he whimsically turned Ethel into a whooping crane. Loyal Red Buttons takes Ethel home where he feeds her fish heads for twenty years and keeps hoping she'll turn back into a woman. She never does. Alas.

If there's smoking in the balcony of your theatre, we hope you'll be smoking Philip Morris — or, if you prefer filters, Marlboro... Marlboro — new improved filter, fine rich flavor — from the makers of Philip Morris.

"Just sen my mail, to the Tijuana Jail" was the cry of many students and faculty members at the Campus Carny. Five min-

utes seemed like an hour but it was all in fun. This booth was sponsored by Larry Hall.

AL SIRAT sponsored the shooting gallery at the carnival. One hit and the lucky

young man wins a candy bar.

## NOTICES

### Men; Important

Each year the selective service wants a report from the college on the class standing of its men. For this purpose they have a special form that must be initiated by the student and completed by the college after the school year is completed. This is known as form 109.

Each male student will be compared scholastically with every other student of his particular class to determine his rank in the class. From this information Selective Service makes its deferment classifications.

Come to Room 110 and ask for form 109. Complete your portion and leave it with the secretary. Do this at once as it is required by your Selective Service Board.

### Be Beautiful!

Be beautiful, girls! Learn how at the Sigma Gamma Phi open meeting Wednesday, April 15, at 7 p. m. in the Mitchell Hall Lounge.

Mrs. Betty Made: of the St. Cloud School of Beauty Culture will speak and answer your questions on personal grooming.

Refreshments will be served. All girls who are interested in joining a society are cordially invited.

### Cecilians

The Cecilians will be visiting various wards in the Veterans Hospital as they present their annual informal concert on April 15. Their director, Miss Myrl Carlsen stated, "the girls are all so eager to go and in so doing are working for public relations."

Early in May the Cecilians will present their seventh annual formal concert at the State Reformatory.

### Old Chronicles

Three copies each of the March 25, 1958, and the May 28, 1958, issues of the *Chronicle* are needed to complete our files.

Will anyone having copies of either of these, please give them to Miss Martin, Room 112, River-view, or turn them in at the *Chronicle* office.

### Spring Formal

Dennis McNelis, junior class president, would like to announce that Ralph Flanagan and his band are playing for the Spring Formal on May 16, at the Coliseum. This is the largest single event which the junior class sponsors during the year.

### Concert

The Concert Choir will present concerts at high schools in Sauk Center and Appleton on April 15. This is the fourth trip for the choir this school year having started the season singing before the Rural Division of the National Education Association in Minneapolis on October 13.

The remaining high school program is at Mora on May 15.

The regular program consists of numbers by the choir and piano solos by Peter Dahlstrom. Also, the choir has prepared an unusual number called "Boogie Blues" which features four clarinets, string bass, drum and piano. This allows great variety from early church music to present day types.

### Young Democrats

The Young Democrats will hold a final meeting before the state convention, on Monday, April 20 in room 108. All members are requested to be there so that final preparations can be made. A recent District Six convention was held (April 11) in accordance with the state constitution. The state convention will be April 24, 25, and 26 at the Hotel Leanington in St. Paul.

Track, Golf, Tennis Practice Outside

Trackmen Train For Carleton

Saturday, the Huskie trackmen go into the initial action of the season, the Carleton Relays.

Coach Anfenson is planning on the trip and will enter the maximum number in every event.

Last year St. Cloud finished ninth out of fourteen entries. Mankato State won the Relays as they have for the past 3 years. Carleton, St. Olaf, Macalester and once again Mankato are expected to present the stiffest competition.

One major casualty is letterman Gary Strand. Gary injured his hand in a Phy. Ed. Class and doctors have not given him permission to work on his speciality, the shot put. It is possible, however, that he will be ready for the Conference Meet May 23.

Two Lettermen Head First Golf Turnout

Coach Robert Brown has an unusual problem with his golf team. His players turn professional and thereby become ineligible. To add to his problem, he has only two returning lettermen. Chuck Nikolai and Dick Ogaard must provide the nucleus for the 1959 squad.

Brown has 12 men out headed by Tom Koerber, a member of Lamarr Tech's NAIA championship team of 1958.

Nine matches are scheduled with Carleton College coming to St. Cloud Friday.

Last year the Huskies won only 1 of 5 matches but are looking to better days.

**GARY STRAND**, former Tech High star and one of the six returning Huskie lettermen, is shown throwing the shot put. Gary won't be tossing the shot for quite awhile this year as he hurt his hand in a physical education class. He may toss the javelin and discus. The other returning lettermen are Harold Rime, Denny Martin, Lloyd Gray, Don Schechter and Karl Keis.

Tennis Season Opens With Three Lettermen

John Bjorkland, Jerrold Guin and Bob Danielson are the three lettermen Mr. Gene Yanke has to work with as he takes over the reins of the State tennis team.

With the lettermen, Yanke has 13 men to pick a team from including top prospects in Adrien Bouchard, Ron Bostie and Clayton Freeburg. Freeburg was rated the number three amateur in the state last summer while Bouchard has won a conference title in his home state of Maine.

St. Johns opened the season for State yesterday and Stout comes to town Saturday.

The Bison Tournament at Fargo, May 1, and the Conference Meet at St. Cloud, May 22 and 23, are the most important events of the year for the squad.

Last year St. Cloud was second to Mankato in the conference. Mankato will again be the team to beat but Yanke feels this squad is as strong as last year's.

Moorhead Hoop Star

Moorhead's Sherm Moe, senior All-Conference forward, came within 54 points of breaking John Torgerson's Dragon record of 1,377 points when he made his total 1,284 this season.

Junior Rod Zimmerman set a Moorhead record when he hit 40 points against Winona in one game.

Intramural Softball

Would all boys wishing to participate in intramural softball this year please pick up a registration blank from Mr. Collette's office in Eastman hall by the end of this week. Play will be scheduled as last year.

Gym Shorts

**GYM SHORTS**  
By **MARY MOYNAGH**

Remember to set aside one day between April 20-23, to come to Eastman hall, Room 5, and browse among the camping, swimming, dancing and other available books. The book display will be set up from 12 till 4:30 on those days, so don't forget to stop in.

**Major Minor Club**

The Spring membership drive for the '59-'60 school year is well underway with 25 men and women already members of the American Association for Health, Physical Education and Recreation. See a present member, an advisor, or an officer if you wish to join and have not been contacted. Any man or woman majoring or minoring in physical education is eligible and urged to join.

**Archery**

Attention girls; now is your chance to try the "Sport of Kings." Archery starts this Thursday at 4 p. m. All those interested should meet in Room 5 at Eastman hall to be fitted with equipment. From there we will go to the field to start shooting. Archery will be held every Thursday until the second to the last week in the quarter.

**Tennis**

Bring your tennis racquets and balls and join the fun each Wednesday at 4 p. m. starting April 15th. Beginners, intermediate, and advanced players are invited to try their skill on the school courts. You will have a chance to play and participate in tournaments from now until the week before school is out for summer break.

**Softball**

All girls who enjoy softball are invited to take part in this activity, which is being sponsored by the Women's Athletic Association every Tuesday until the last week of spring quarter. The first meeting will be Tuesday, April 14 at 3 p. m., in Eastman hall. Teams will be organized at this meeting. Anyone may begin organizing a team now. However, you do not need to be on a team to come out for softball. Bring your friends and enjoy this wonderful Spring weather.

**Bowling**

Last week was the last time for bowling this year. Louis Retka, Sports head, would like to thank everyone for their enthusiastic participation which made the league successful and fun for all. Congratulations to the "Worms" who finished in first place. The final team standings and their single game averages are:

|     | Name          | Ave. | W  | L  | Per. |
|-----|---------------|------|----|----|------|
| 1st | Worms         | 628  | 14 | 2  | .875 |
| 2nd | Whitney Whits | 547  | 12 | 4  | .750 |
| 3rd | Dragon Ladies | 509  | 8  | 8  | .500 |
| 4th | Lucifers      | 529  | 7  | 9  | .438 |
| 5th | Alley Cats    | 495  | 5  | 9  | .357 |
| 6th | Pindaleers    | 486  | 2  | 14 | .125 |

Do You Think for Yourself? (THIS TEST WILL GIVE YOU A CLUE! \*)

1. If your parents exhibited "baby pictures" of you to a friend, would you be (A) embarrassed? (B) merely interested in your friend's reaction? (C) just plain annoyed?

A ☐ B ☐ C ☐

5. Mathematics is your poorest subject, yet you are fascinated by the idea of being an atomic physicist. Would you (A) try to overcome your difficulties with math? (B) pick an easier occupation? (C) ask yourself if it's physics you like or its glamour?

A ☐ B ☐ C ☐

2. You are making a speech—and suddenly find you have a large hole in your clothes. Would you (A) excuse yourself and leave? (B) pretend you didn't know the hole was there and finish the speech? (C) cover up the hole with a handkerchief?

A ☐ B ☐ C ☐

6. Your roommate is a nice person, but suddenly takes to asserting an ability to foretell the future. Would you (A) notify the authorities? (B) ignore the whole thing? (C) give him tests to prove to him he's wrong?

A ☐ B ☐ C ☐

3. Would you rather have the characteristics of (A) U.S. Grant? (B) Thomas Edison? (C) J. P. Morgan?

A ☐ B ☐ C ☐

7. Do you believe the maxim "It's a long lane that has no turning" is (A) a complete non sequitur? (B) a well-known fact? (C) an allusion to a common phenomenon?

A ☐ B ☐ C ☐

4. You have taken your date to dinner and find you haven't money to tip the waiter as well as take your date home. Would you (A) ignore the waiter? (B) take him aside and tell him you'll tip him next day? (C) tip him and walk your date home?

A ☐ B ☐ C ☐

8. Would you rather have as a birthday present (A) something expensive? (B) something long-lasting? (C) something beautiful?

A ☐ B ☐ C ☐

9. In choosing a filter cigarette, would you pick one that (A) claims it filters best? (B) merely says it tastes good? (C) gives you a thinking man's filter and a smoking man's taste?

A ☐ B ☐ C ☐

If you're the kind of person who thinks for yourself . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

*\*If you have checked (B) in three out of the first four questions, and (C) in four out of the last five . . . you think for yourself!*

© 1959, Brown & Williamson Tobacco Corp.

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER...A SMOKING MAN'S TASTE!

Box Score

by PETE SUFKA

With spring baseball well underway the main problem of this year's squad is to fill up the big hole left in the outfield. Ron Arndt, Dick Fredeen, and Bob Streeter — all .360 hitters—are gone this season; Arndt and Fredeen through graduation and Streeter by a pro contract.

Streetar, a fine defensive outfielder as well as a .370 hitter, signed a pro baseball contract with the St. Louis Cardinal farm chain. He will be on the Winnipeg Goldeye roster this year and will be playing in St. Cloud when the Goldeyes meet the Rox.

Coach John Kasper has a lot of prospects with 83 first day tryouts and should come up with something. Jim Fouquette, a previous letter-winner in the outfield is back again and hitting well. Don Carruth and Bill Trenter, a transfer from Hamline, are new prospects and Ken Holthaus and Vern Ramler are back from last year to fill the big gap.

At the NAIA wrestling tournament a couple of weeks ago the end came to the illustrious career Dick Anderson has spent at State. Anderson, the only Huskie to capture a national individual title in St. Cloud history, finished second in the NAIA 167-pound class this year after finishing first last year.

Dick, undoubtedly the greatest wrestler ever to wrestle for St. Cloud, has been defeated over a three year span by only one man, Lowell Glyn of Mankato. Glynn holds three close wins over Anderson this year; a 4-3 decision in a dual match; a 1-1 referee's decision, a conference match; and a 1-1 referee's decision in overtime at the NAIA meet.

More honor has been added to Vern Baggenstoss in his final year as he has been named to the AP All-American second team and the All-NAIA second team. He closed out his three year stay at State with a place on this year's All-NSCC team at forward. Vern has been named to the All-American squads and All-Conference teams in all three years.

This year's basketball season saw one of the best crops of centers in the NSCC in years, if not in all times. The coaches selected three centers for the All-Conference team and placed another two on the honorable mention list.

Ron Bambenek, St. Cloud; John Schultz, Mankato; and Dave Creery, Michigan Tech, were selected to the first team. Rod Zimmerman of Moorhead and Jon Kaiser, part-time center of Winona made honorable mention. Gale Sprute of Winona should have made at least honorable mention as he finished second to Schultz in the scoring race but because he became eligible after second semester he played in only seven conference games.

A couple of weeks ago Frank Farrington in his Daily Times column mentioned a St. Cloud goalie who made good in the pros. Frank Brimsek starred for State (then Teachers College) in 1934 and was named Rookie of the Year in 1939 for the Bruins.

He only played one year at State as he was sandwiched between two terrific goalies—Lud Andolsek and Art Salpacha. Brimsek's team lost to Eveleth in the Midwest Amateur Tournament in 1934 under Coach Andolsek but beat Manitoba University, 3-2.

The Huskies of State came through in fine style in the season's opening trip as they took three of their first four games in Nebraska. They beat Nebraska Wesleyan, 8-2, Thursday; Nebraska University, 6-5, Friday; and split two Saturday—losing to Nebraska University, 12-5, and beating Lincoln Air Force Base, 12-3. As the paper went to press Sunday the Huskies were playing Offutt Air Force Base in a single game.

The holes left by last year's crew are being filled by the new men and last year's vets are coming through in fine style.

In the opener freshman Nick DeMike combined with John Kilkelly to give the Huskies an 8-2 victory over Wesleyan on a neat three-hitter. DeMike, St. Paul Johnson prep star, worked seven innings and allowed a single base hit and one run while Kilkelly gave up two hits and a run in two innings.

At the plate the Huskies battered out a total of 13 hits, including a triple by Vern Ramler and a double by Pat Todora. Ramler and Todora were joined by Donny Carruth, Dave Lesar, and DeMike; all with two hits apiece.

In Friday's game the Huskies needed a three run rally in the seventh inning to topple favored Nebraska U., 6-5. Jim Fouquette, former Cathedral outfielder and Huskies letterman, drove in the winning run after a Huskie had scored the tying run from third on a run-down.

Jim Cashman, last year's star of the NAIA tournament in Texas, went the route giving up only seven hits, but had three errors behind him in the field.

Carruth again led the Huskies at the plate as he hammered out a three-for-four day.

State's Huskies slipped by a strong Offutt AFB team as they won Sunday, 4-2. Coach Kasper singled out the pitching of Nick DeMike and the hitting of Don Carruth in beating a team he remarked "I would hate to meet in mid-season."

Saturday morning the Huskies managed a split as Nebraska U pushed across eight big runs in the first inning off Kilkelly before Denny Backes, freshman from Albany, came in to put the fire out.

The Nebraska team, making the most of seven hits and two Huskie errors, scored eight runs in the first and twice in the fourth and sixth innings to beat the Huskies 12-5.

In the afternoon game the Huskies came back behind a sharp six-hitter tossed by Don Shelley to whip Lincoln AFB, 12-3.

The game saw the Huskies break from a 4-1 lead to a 9-1 lead in a big sixth inning with five runs. The Huskies once again pounded out 13 base hits off three AFB pitchers-an dtotok advantage of six errors in their favor.

## WAA Horseriding

WAA horseback riding will begin its spring activities on April 15, 7 p.m. in Eastman hall. This will be a preliminary meeting and will feature movies taken last fall.

All girls who are interested in riding this spring should attend the meeting. Anyone who can not attend should contact Janet Stewart.

**JOHN AMUNDSON**, freshman wrestling star, is shown as he strives to pin his foe. Amundson finished on top for the Hokies in scoring as he amassed a total of 44 points and went undefeated.

Points dual

of the Lincoln AFB game was Don Shelly (top) and Norb Kalthoff (bottom). The Huskies won 12-3 on Shelley's six-bitter.

**DICK ANDERSON**, senior and co-captain of the 1958-59 wrestling season, is shown in his favorite position, on top, in one of the

season's matches. He finished second with 35 points.

(STREETAR) (BAGGENSTOSS)

# Aero Club Recovers Old Plane; Looks Like New

The first step in the recovery project was that of tearing off the old fabric and inspecting the "ribbing." Art Dahle and Harley Witte are shown with the skeleton of the aircraft.

Ed Jungst and Jim Ray, both experienced aircraft mechanics, inspect and repair the landing gear parts.

Regular meeting nights found many of the members out at the airport paint shop. Here they are applying "dope" (paint) to the new fabric (Irish linen) of a wing, screwing fabric to the spars, or ribs, and applying tape over the screws and ribs. The dope tightens or shrinks the fabric for a smooth fit and causes the material to become quite stiff.

Lyle Bohnen is shown working on the elevators (on the table) and rudders (hanging from ceiling) which are part of the tail assembly.

"COKE" IS A REGISTERED TRADE-MARK. COPYRIGHT © 1959 THE COCA-COLA COMPANY.

## Prom trotter

She's the queen of the campus, and of course she favors you know what... the cold crisp taste of Coca-Cola. She knows that anytime, everywhere, Coke is the real refreshment. We don't say that the secret of her success is Coca-Cola... but it helps!

## Air Class To Be Given

Education for the Air Age continues at St. Cloud State college, with a three-week aviation workshop slated during second summer session.

The four-credit course—set July 27 to August 14—is open to both elementary and high school teachers studying on either the graduate or undergraduate level (Education 597).

Alfred A. Lease, a former commercial pilot and flight instructor for the U. S. Army Air Force, will conduct the workshop. Lease is currently on the industrial arts staff of Sauk Rapids High school, but will become a permanent member of the State college faculty this summer.

According to the instructor the course will consist of ground instruction to be given by some of the nation's top aviation personalities, both military and civilian. Highlighting the workshop will be air lifts to various military and commercial flight installations and guided tours of these operations.

State's annual Aviation Education workshop offers teachers instruction for capitalizing on modern thought and practice in aerospace travel by integrating it with other subject matter in such areas as arithmetic, science, geography and social studies.

## First 1,000 Pointer

When Ken Novak scored 1,015 points in his four-year career at St. Cloud State, it was the first time in Huskie history a basketball player scored over the 1,000 point mark. He also set the three-year total with 1,004 points in his final three years.

As "taping" and "doping" got under way, inspection plates were inserted in the fabric to make inspections of the interior of the aircraft easier. A few slips of the knife made some patching necessary, but very little (considering!).

The completed airplane is the members' pride and joy! A total of over 900 hours of member labor was logged. The highest individual contribution was 144 hours by Lyle Bohnen. The plane is painted turquoise with white trimming. Orange Day-Glo paint, was applied on the wing tips, nose and tail assembly for an "eye-catcher" and safety device. The project certainly is a job well done.
