St. Cloud State College

Vol. XLII No. 39

St. Cloud Hosts Science Fair

More than 200 junior and senior high school students from 15 central Minnesota communities will enter exhibits in a regional science fair Saturday, April 3, at St. Cloud State College. The public is invited.

A wide variety of projects will be displayed in biology, chemistry, physics, astronomy, conservation, social science, engineering and mathematics. Exhibits will be judged on the basis of scientific thought, creative ability and clarity. Fifteen students will be chosen for state science fair competition at Gustavus Adolphus College May 7-8.

Thirteen students also are competing in a regional research essay contest. The best essays will be entered in statewide competition.

Dr. Merle Michelson, associate professor of biology, is director and Robert Kroll, senior from Long Prairie, is student chairman. College faculty members in science and mathematics will be judges.

Science fairs are sponsored by the Minnesota Academy of Science and Science Teachers of Central Minnesota to stimulate public interest in science and encourage students to pursue scientific careers.

Patience Asked By Administrators

Due to the disrupted winter quarter exam schedule, many incomplete grades were reported. To assist this office in processing your grades more efficiently, it was decided not to list the incompletes with student grade reports.

Each instructor has given make-up exams and will report the final grades to this office as quickly as possible. Students may pick up this report on Wednesday, April 7, in Stewart Hall 103.

Cooperation in waiting for the grade reports until the above date will be sincerely appreciated by the administrative offices.

Literary Magazine Now Being Sold

Parallels, the St. Cloud State College art and literary magazine, is being sold between 9 a.m. and 2 p.m. from March 31 to April 9.

Copies can be purchased for 50 cents on the second floor of Stewart Hall, and on the first floor of Riverview and Headley Halls.

Parallels is written, illustrated, and edited by students. Sonja Anderson, co-literary editor, said, "For a change of pace, this year's Parallels has more prose than poetry. We have a number of humorous as well as serious short stories. The major art attraction is a fold-out featuring a flute player by Greg Brisson."

Sonia offers consolation to Uncle Vanya in this scene from St. Cloud State College's production of "Uncle Vanya," a Russian drama. Tony Auer, sophomore from Silver Bay, plays the lead role and Donna Pederson, junior from Pine Island, is Sonia, his niece.

Senate Plans Elections, Explores Student Discount

Students wishing to run for Student Senate positions this spring must submit their applications by 3 p.m. Wednesday, April 7, in order to be eligible, said campus co-ordinator Mary Putzke at the Student Senate meeting Monday.

In order to qualify, applicants for senator-at-large positions must have at least a 2.0 honor point ratio and submit with their applications a petition of 25 signatures.

Candidates for the major offices of president, vice president, treasurer, NSA coordinator and campus coordinator must have at least a 2.5 average and must submit a 50-signature petition.

Application blanks will be available in the Student Personnel office beginning at 8 p.m. Monday, April 5. They must be returned to the Student Personnel office by 3 p.m. Wednesday, April 7. Miss Putzke cautioned that failure to meet this deadline will eliminate any potential applicant.

Students wishing to submit information for fact sheets on all senate candidates must submit this material with their application.

Campaigning for senatorial positions will begin Friday, April 9, and continue through Tuesday, April 13. Miss Putzke emphasized that all campaign material must be removed by 6 p.m. Tuesday, April 13. A complete list of the campaign rules will be posted in the April 6 edition of the Chronicle.

The primary election will be held Wednesday, April 14, with the general election being held

the following Wednesday, April 21. The new senators will assume positions Monday, April 26, added Miss Putzke.

In other senate action, President Barry Eklund announced his resignation as chairman of (cont'd Page 4)

Tryouts For Spring Musical Theater L'Homme Dieu Called

The American musical play classic, West Side Story, will be produced this spring by the college theatre and the music departments. The announcement was made by Arthur L. Housman, chairman of the department of Speech and Dramatic Art.

Tryouts will be held on Monday, Tuesday, and Wednesday evenings, April 5, 6, and 7, in Stewart Hall auditorium.

The directors urge that all students throughout the college interested in this musical production be present at the first tryout, or contact Dr. Housman. "We will need to tap all our resources of talent in the college," commented Dr. Housman. "This is the most ambitious musical production we have undertaken. Skilled

Russian Play Presented This Week-End At State

by Deana Ore

"Uncle Vanya," a Russian play by Anton Chekhov written at the turn of the century is now being presented by the St. Cloud State drama department. Mr. Keith Michael, assistant professor of speech and theatre, is directing the performances, the first of which was Thursday. The succeeding three will be tonight, Saturday

and Sunday, April 2, 3, and 4.

"This play is undoubtedly one of the finest written for the modern theatre," said Mr. Michael. "One of the rarities of the play is that it deals in sublime emotions. Frequently there is a feeling that there is a tremendous amount of despondency; yet, there is by the same token, a sense of enlightenment and spiritual uplifting when you come away, from one of Chekhov's plays."

Although many people believe Chekhov to be a ponderous writer, he is not, according to Mr. Michael. "The play has many light moments and is considered a comedy, although not a raucous, hilarious comedy that people normally envision one as being. It is correctly entitled 'Uncle Vanya, or Scenes From Village Life In Four Acts.'"

The story is one of a retired professor and his young wife and the problems they have adjusting to country life at the turn of the century in Russia. It also involves the problems their family has in adjusting to their moving into a country estate.

"Few plays are quite as interesting to work with as this one," said Mr. Michael. "The characters were brilliantly drawn."

Mr. Michael also stated that he was "sure that this play is as meaningful today as it was when it was written, well over 50 years ago. The people who will see 'Uncle Vanya' quite possibly will find strong kinship between their own lives and the lives and emotions of characters in the play."

Mayor Henry Presents Program Of City Revision To SCS Faculty

Mayor Edward Henry outlined his program for a greater St. Cloud at a faculty meeting March 24, at St. Cloud State College.

The mayor urged faculty support for the charter revision and new library, both to be decided in a special election May 4. He also pointed out that the

city is building two new parking lots and is negotiating for more park and recreation area.

Henry said the quality of city workers is being upgraded. Eventually, he said, the city plans to construct a larger and better equipped airport so that the present location can be opened to new residential construction.

"St. Cloud State College is the richest source of human talent in our community," he maintained. "Help us hold up a vision of what St. Cloud can be and take an active part in community affairs."

The mayor drew a "profile" of St. Cloud which showed that the city is "conservative," not as healthy economically as it might be and has a low wage structure with "more than its share" of unskilled workers.

It also has a high rate of

building delapidation, small tax base, outmoded charter, run-down city plant and understaffed city hall at the planning and decision-making level, he added.

Despite these problems, Henry said St. Cloud has great economic, educational and cultural potential. The city, he said, has an excellent dual system of schools, outstanding medical facilities, good water supply, honest government and a dependable working force. Because St. Cloud is the largest city in the state northwest of Minneapolis, it is a "gateway" to northern and western Minnesota, he added.

He asked faculty members to help change community attitudes which place a low premium on what local government can do, on anti-intellectualism, on lack of community pride and on high sensitivity to taxes.

President George F. Budd, who introduced the speaker, assured the mayor that the college will help promote civic improvement.

Dean Jones Heads Special Committee

Mrs. Mildred Jones, assistant dean of students at St. Cloud State College, is chairman of the 60-member hospitality committee for an annual convention of the National Association of Women Deans and Counselors April 6-10 at the Leamington Hotel in Minneapolis.

Others from the college who will attend are Mrs. Patricia Potter, director of student activities, and four residential hall directors—Mrs. Alice Larsen, Mrs. Hollybelle Moriarty, Mrs. Maude Schreck and Miss Alvina Bergstrom.

dancers, and instrumental musicians are all needed."

R. Keith Michael, College Theatre director at St. Cloud State College, will conduct auditions for the 1965 company at Theatre L'Homme Dieu Thursday, April 8, in Pittsburgh and Friday and Saturday, April 9-10 in New York.

Auditions also are scheduled for April 17, at the Radisson Hotel in Minneapolis.

Theatre L'Homme Dieu is the college's summer theatre near Alexandria. Ten plays are presented each season. Michael is production director and Dr. Arthur Housman is managing director.

Last spring seven actors and actresses were selected for the company from nearly 100 persons auditioned.

"Great Society" Neglects Average College Student

In order to aid President Johnson's strivings toward the Great Society, the Minnesota Legislature has awarded St. Cloud State a considerable amount of money to aid poverty-stricken students further their education. The Work-Study Program has been set up to enable students to work 20 hours a week for the munificent sum of \$1 an hour and still continue their education.

The qualifying stipulations of this little deal are probably somewhat akin to a Hollywood starlet's contract. The student's father must have an income of less than \$3,000 per annum (with an additional \$600 allowed for each child), and if Dad makes more than \$6,000 a year the student is out of luck. A married student must prove that both his father and his wife's father makes less than the prescribed amount per year.

And isn't this wonderful? The legislature is helping out so many needy students. However, it's a good thing most of us students are rolling in money. Students on the state college payroll are still earning 75 cents per hour so it's a good thing we really don't need the money anyway.

The 75 cent wage seems a little ludicrous in view of the costs of an education, and in view of the cost of rent, groceries and other luxury items to which students seem to be addicted.

The Work-Study Program seems a step in the right direction. With all the furor centering around education, financial aid must be given to those people who want an education. However, it is not broad enough to take in the vast numbers of students who are feeling the financial pinch.

As a parting thought we would wish that those people who set the campus wage at this college try to live on \$45 per month sometime.

Tidbits And Trivia

In an Advanced Comp class this week, the students were urged vehemently to be more observant about the world around them. Therefore, putting on our specs and looking carefully about the campus, we noted the following:

It's a good thing that spring is here, officially at least, since one of our esteemed "fraternities" hasn't bothered to shovel their walk all winter. If it snows anymore the drifts will be over even their lofty heads, to say nothing of the shorter members of the fairer sex who haven't dared to try that walk for months now.

Why is it that Slater packs radishes and celery in their cellophane-wrapped sandwiches? It must be an attempt to insure students of the proper nutrients. However, it certainly does make the bread soggy.

Even with the piles of snow decorating the campus it's not nearly as hard to get up for that eight o'clock class when its light out that early in the morning. And who knows, by August the snow may be all gone.

Spring sports like baseball and tennis are scheduled to start within the next couple of weeks. Perhaps Student Activities will appropriate funds to purchase snow shoes for all concerned athletes.

And finally, we heard by our reliable grapevine that there is a newly organized group on campus who, for a fee, of course, will sell students the materials and specifications necessary for building a rowboat. In a short while off-campus students may find it a suitable means of transportation. It's either that or waders.

Letters To The Editor

P.O. 68

Thanks!

To the Editor:

March 18 in the snowstorm, I was enroute to Minneapolis when I was squeezed off the highway by a truck due to poor visibility and snowdrifts. I ended up in a snowbank that hung my car up and even though I had shovels and other things, without aid, I would have been there until the morning. I'm sure, had it not been for assistance I received from 4 people who stopped to help me.

These four people helped me push out so I could get on my way to Minneapolis, but I was so sorry that I did not get their names.

It is for this reason that I write your paper so give my public thanks to 3 wonderful gals and a guy who so enthusiastically pushed in the storm. Thanks to you, whoever you are. These four were from your college and were also enroute to Minneapolis. (I think their homes were in Minneapolis.)

Sincerely yours,
Glenn Houske

Writers Needed!!

Is there anyone on this campus who has a hidden desire to see his name in print? Is there anyone on this campus who has the 'yen to pen' and yet has never found a satisfactory outlet for this urge?

The editorial editors of this paper are searching diligently for people of this ilk. We are interested particularly in a person who would like to write a weekly column to appear on these pages.

Experience in writing is preferred although not completely necessary and editorial experience is optional. The type of column would be up to the writer—local scene, national scene, politics, satire, glib-watching.

Anyone interested please stop in to see the editorial editors of the Chronicle who may usually be found in the basement office in Riverview.

A parking lot is a place where you pay 60 cents so you won't get fined a dollar while you go in a five and ten cent store to buy a soda that costs 25 cents.

Romance lasted longer in the old days because a bride looked the same after she washed her face.

JOE PUBLIC.

CIVIL RIGHTS MARCH—
IS? RIDICULOUS! ALL
THEY EVER LEAD TO
IS VIOLENCE AND
MORE VIOLENCE!
THEY GENERATE
FEELINGS THAT
CAN ONLY LEAD
TO VIOLENCE. THEY
SHOULD BE OUT-
LAWED....

A COUNTER
MARCH MIGHT
DO IT.

Women Give Up Education Favor Marriage & Family

ATLANTIC CITY (CPS)—The percentage of women students earning college degrees is decreasing, according to reports given separately at the annual convention of the American Association of School Administrators last week.

Corma A. Mowrey, associate director of Lay Relations Dept. of the National Education Association, noted that 39 per cent of 1963 college graduates were women. This was a smaller ratio than in either 1940 or 1930.

The decline is even sharper in fields of graduate study, Mrs. Mowrey indicated. The proportion of women earning Master's degrees was only 31 per cent in 1963, as compared to 38 per cent in 1940 and 40 per cent in 1930. And as far as women earning PhD's is concerned, "We have fared still worse." The number of women earning doctorates today has more than tripled since 1930, but the number of men doing so has increased more than five-fold.

Mrs. Esther Peterson, Assistant United States Secretary of Labor and Special Assistant to the President for Consumer Affairs, attributed this decline to a trend towards early marriage. "Today, people are marrying younger than ever, without waiting until the man is settled in a career, much less until the woman has a dowry," she said. "Marriage itself can now be managed on

credit or the installment plan.

As a result of this trend, education for women is becoming a life-long prospect, to be continued while their families are growing up. "Most women can combine homemaking and education more easily than homemaking and a job," Mrs. Peterson said.

Mrs. Mowrey pointed to dire consequences if higher education is not tailored to meet the needs of early-marriage women. The decline of women in higher education "will contribute to already disadvantaged positions in the job world and tend to concentrate women in lower paying, less rewarding jobs." Also, college graduates are more likely to be employed than women with less education. In 1962, nearly 60 per cent of college educated women aged 18-64 were in the labor force, as compared to the 45 per cent of high school graduates employed and 38 per cent of those who did not go beyond elementary school. Eighty-one per cent of those women who had five years or more of college and were in the 45-64 age bracket were in the labor force in 1962.

Figures on the proportion of college women in the labor force "suggest that for them the work world is an elective choice expressing their growing desire to fulfill their potentialities as creative human beings," Mrs. Mowrey said.

Boston Committee Demands Discount; Students Plan Bookstore Boycott

(ACP)—An ad hoc committee's demand for a discount in book prices at Boston University was rejected by the Board of Trustees February 17. The trustees offered instead a mark-up on prices paid by the bookstore for used books, the BU News reports.

The Ad Hoc Committee for University Reform circulated a petition protesting the bookstore's profit-making policies, demanded an immediate 10 per cent discount (later cut to five) threatened a boycott of the store if the request was not granted.

Julian Huston, leader of the group, justified the boycott threat on the grounds that the University has no right to "make profit at the expense of the students." The committee said it wanted an establishment of a non-profit operation such as that of New York University.

The petition, with 2,700 signatures was presented to Mrs. Margaret Merry, executive assistant to the president. Mrs.

Merry called the request "impossible" but said the committee's other request for a joint committee to study bookstore finances "would be carried out."

The Faculty Senate and Student Congress' meeting with the Committee, recommended a 5 per cent text discount and further study of possibilities of a 10 per cent discount. The 5 per cent offer was referred to the Trustees. A statement from the Trustees said that "the present bookstore margin on the sale of new textbooks does not justify a discount." Effective March 1, the statement said, books would be bought for 60 to 65 per cent of their original cost. The bookstore now pays up to 50 per cent.

The Ad Hoc Committee declared a "moratorium" on the issue" in order to throw our full support behind our Student Congress" in its attempts to effect reforms.

Holmgren To Head New Graduate School

Dr. Marvin Holmgren has been appointed dean of a newly-established School of Graduate Studies at St. Cloud State College.

He will coordinate master degree programs in education, business administration, English, biology and speech and dramatic art. More graduate programs will be added.

Dr. Holmgren, who holds a Ph. D. degree from the University of Minnesota, has been a member of the St. Cloud faculty since 1949. He has served as professor of education and coordinator of graduate studies.

Also added at the college is an Institute of Industrial Education and Technology. Dr. Raymond Larson, chairman of the industrial arts department, has been named acting director.

The School of Business and Industry has been changed to the School of Business. One of the school's departments—business administration—has been divided into a department of management and finance and a department of marketing and general business.

The School of Science, Literature and Arts has been changed to the School of Arts and Sciences.

Language Workshop Features Spanish

Spanish conversation and pronunciation will be emphasized in a foreign language workshop this summer at St. Cloud State College.

Scheduled for June 16-July 2, the workshop is designed for Spanish teachers in elementary and secondary schools, according to Raymond Forbes, coordinator. Six quarter hours of undergraduate credit or four quarter hours of graduate credit may be earned. Undergraduates may enroll with permission.

Instructors James O'Neill and Dr. Adolfo Gorriarran will make extensive use of the college's language laboratory. Students will be encouraged to engage in conversations and discussions in Spanish.

The workshop is the first of its kind at the college.

River - Ice - Cash Reward

With the approach of spring, the Annual Day of the Ice Goes Out of the River celebration is not too far off.

In order to promote interest in this year's event, the committee is offering a five dollar gift certificate to the student who correctly guesses the day the ice will be gone from the river.

In order to participate fill in the entry form and deposit

The ice will leave the river on

Name _____

Phone Number or P.O. Number _____

This fast-cutting drill which slices through three feet of ice as if it were balsa wood is the latest invention of Dr. Ray Larson, chairman of the industrial arts department at St. Cloud State College. A solenoid allows him to operate the auger from his car battery. All parts except the starter motor were reclaimed from a junk pile or "made to order."

Dr. Raymond Larson Constructs Own Battery-Powered Ice Auger

Some people can do anything with an armload of discarded bits and pieces. The latest feat of junkyard magic in St. Cloud is a battery-powered ice auger constructed by Dr. Raymond Larson, chairman of the industrial arts department at St. Cloud State College.

Small but powerful, the auger slices through three feet of ice in as many minutes. It can be extended for drilling at depths greater than 40 inches. Dr. Larson's auger accepts a number of different cutting heads but this winter he used cutting spoons owned by other members of his fishing group.

it in the appropriately marked box in the Student Personnel Office.

Entried with the correct day will be placed in a box and the winner will be drawn at three o'clock on the day of the festivities in the faculty parking lot behind Stewart Hall.

The official day will be determined by the personnel at the NSP dam south of the college.

The spoon revolves during the carving operation.

All parts except the starter motor were reclaimed from a junk pile or "made to order." The starter motor is a type found only in Fords and is the only one that will work in the auger.

A discarded pneumatic impact wrench furnished the reduction gear box. The piece which adapts the gear box to the starter motor was designed and machined by Dr. Larson. The motor had to be disassembled for Dr. Larson to weld the gas-pipe handles to the casing. A solenoid allows him to operate the drill from his car battery.

The power unit complete cost \$9.20. A commercial auger of comparable construction would be priced between \$100 and \$125.

Three years ago, Dr. Larson constructed a collapsible six-by-eight-foot ice house. It is transported by cart-top carrier or can be pulled on snow runners which attach to the folded unit.

Now all he needs is a fool-proof fishing lure.

Dr. Balcer, SCS Academic Dean Co-Authors New Speech Textbook

A new speech textbook co-authored by Dr. Charles Balcer, academic dean at St. Cloud State College, has been published by Holt, Rinehart and Winston, Inc., of New York.

Entitled "Teaching Speech in Today's Secondary Schools," the 435-page volume is "the first to place speech training within the framework of democratic objectives, the objectives of American education," according to the publishers.

Debate Team Travels To Indiana University For National Tourney

A freshman debate team will represent St. Cloud State College in a national tournament April 11-14 at Indiana University.

Miss Anita Munson, debate coach, will accompany the squad to the meet, sponsored by Delta Sigma Phi-Tau Kappa Alpha, national honorary forensics fraternity.

Team members are Kathleen Polv, Claude Young, St. Cloud, and Mike Sieben and Mike Sorenson, Hastings.

The St. Cloud squad took third in a tournament for freshman and sophomore debaters last weekend at Wisconsin State University, Superior. Twenty-two units from Wisconsin, Minnesota, Iowa, North Dakota and Michigan were entered. Teams from the host school won first and second places.

Miss Young was named top speaker and Miss Polvi was second speaker. Sorenson ranked third in extemporaneous speaking. The St. Cloud unit received the highest quality rating awarded.

Also participating in the meet was a second St. Cloud unit—Mary DesMarais, John Fridell, Christopher Clauson and Jerry Johnson.

Woodcut Appears In National Showing

"Father Smith," a woodcut by William Ellingson, assistant professor of art at St. Cloud State College, has been accepted for display in a national print exhibition at the Oklahoma Art Center in Oklahoma City.

The exhibit is sponsored by the Oklahoma Printmakers Association.

Dr. Hugh F. Seabury, professor of speech education at the State University of Iowa, and editor of "The Speech Teacher," is the other author.

In their preface, the authors point out that the book is intended primarily for college students preparing either to teach speech or direct speech activities. It also is designed as a reference work for new teachers and for experienced teachers who need "a ready referer" in methods and materials.

The book offers practical suggestions based on theory and supported by experimental studies. Much of the information is based on the experience of the authors as teachers for a combined total of some 50 years in high schools, state colleges and universities.

Dr. Balcer has been named president of Augustana College at Sioux Falls, the South Dakota effective July 1.

UNIVAC Manager Highlights Workshop

Glen Hambleton, manager of defense systems training for UNIVAC, will speak at a postponed session of St. Cloud State College's Automation Workshop Thursday, April 8. The meeting is scheduled for 7 p.m. in Room 207, Stewart Hall, according to Miss Virginia Williams, coordinator.

The session originally was scheduled for March 18, but was postponed because of a snow storm.

Hambleton, who holds a B.S. degree from the University of Minnesota, has taught at Alexander Ramsey High School in Roseville and has participated in several workshops at midwestern colleges.

Co-Chairmen Call For Volunteers

Several important committee chairmanships are now open for the 1965 May-daze celebration, according to co-chairmen Warren Renando and Sue Johnson. Any student interested in holding such a position should apply at the Student Personnel office soon.

May Daze will be held May 6-8. Some of the activities include a parade, a costume dance and a turtle race. Chairmanships for these activities as well as for the individual games and slave and date auction are being accepted now by the co-chairmen.

Field Services Offer SCS Program To High Schools

"What's it Like?" "Where do I apply?" "Who do I see?" These are only a few of the many questions which Dr. Stanley Sahlstrom, the Director of Field Services, must answer on his visits to Minnesota High Schools.

Informing is his goal when Dr. Sahlstrom talks to high school juniors and seniors who are interested in furthering their education and are in the process of deciding on a college to attend.

To help him with this time-consuming task, some students have been asked if they would be willing to travel to area schools and conduct information sessions. Sonja Anderson, a senior from Grand Rapids, has made a number of trips in this capacity. She greatly enjoys meeting with these people and chatting with them about St. Cloud.

To get off on the right foot, the discussion is opened with remarks about admittance, the various areas of study available to students and then comments about the school's special offerings to the students. Finances, clubs, organizations and many other items are briefly touched on, giving as complete a picture of St. Cloud State as possible, within the short time allowed.

Time is always set aside for questions from the students. Sonja says that at some schools students keep you busy with one question after another on a variety of topics. In other cases the students are so well informed that very few questions are asked.

The main purpose of these meetings is to show the students that St. Cloud is interested in them by taking time to talk and answer their questions. Before leaving each school, Dr. Sahlstrom, or one of the students acting in his place, invites the high schoolers to visit St. Cloud to see first hand what we have to offer.

Rowland Attends Journalism Convo

Ray Rowland, director of information services at St. Cloud State College, will attend a regional conference of Sigma Delta Chi, professional journalism society, April 2-3 at the Press Club in Minneapolis.

Journalists and journalism educators from Minnesota, North Dakota, South Dakota and parts of Iowa will attend. Rowland is immediate past president of the Minnesota chapter and a member of the society's national membership committee.

Tri-Sigma Goes National

On April 2, 3, and 4, the former Diota Sorority will be formally initiated as the Gamma Nu chapter of the National Sigma Sigma Sigma Sorority.

National Tri Sigma officers as well as members of the sister chapter at Wisconsin State College, Eau Claire, Wisconsin, will be present to perform the individual initiation ceremony on Friday, April 2.

Saturday will be a busy day for the Tri Sigmas since chapter organization and election and installation of officers will be held. The highlight of the week-end will be the formal group initiation at the Persian Club Saturday evening. Events will conclude Sunday with a reception in Mitchell Hall Snack Bar.

Opera, Anyone?

Buses will be going to Minneapolis for Metropolitan Opera performances April 19-23. The cost is \$4 for reserve seats.

There is no charge for the bus and anyone interested may contact Mr. John Langfield in Stewart Hall 134 before April 3 at 9 a.m.

Film Society Monday

Umberto D, an Italian film, will be Monday evening's film society presentation. Directed by Vittorio De Sica, the movie is a character study of the loneliness of old age as seen through the struggle of an old man and his only companion, a mongrel dog. De Sica was also the director of "Marriage Italian Style" and "Yesterday, Today and Tomorrow."

Blue Shield on Campus

The Blue Shield representative, Elmer McLean will be in the faculty lounge in the basement of Stewart Hall Tuesday, April 6, from 9 a.m. to 12 noon to discuss new applications or to change coverage in the college health insurance program.

LSA Offers Matins

Daily matin services will be held Monday through Friday each week until Easter at Luther Hall. The services will begin at 7:30 a.m. and last approximately 20 minutes. All students are urged and welcome to attend.

Referendum Re-scheduled

The referendum to decide whether or not the St. Cloud State college student body wants to continue affiliation with the National Student Association will be held Wednesday, April 7.

Polls will be open from 8 a.m. to 3 p.m. in the first floor lobby of Stewart Hall and from 11 a.m. to 1 p.m. in the Shoe-maker and Garvey cafeterias.

YD Dance Tonight

D. L. and the Originals, a live band, will highlight an "after the play" dance tonight in the Mitchell Hall Snack Bar.

The dance, sponsored by the YDFL, under the chairmanship of Dennis Sullivan, begins at 8 p.m. "We hope to see a large turnout after the play," commented Sullivan. Admission is 50 cents for singles 75 cents a couple.

Gamma Sig Rush

Sprechen Sie Deutsch?

Nein? Well you are still invited to "Der Alte Root-Bier Garten," spring rush party of Gamma Sigma Sigma, national service sorority.

All eligible women are invited to be the guests of Gamma Sig on Monday, April 5, at 8 p.m. in the TV room of the Snack Bar.

Japanese Are In Exhibit

Prevailing trend in Japanese art is revealed in an exhibition of recent Japanese prints in Headley Hall Art Gallery at St. Cloud State College.

Exhibit hours are 8 a.m. to 4 p.m. Monday through Friday. The public is invited.

The exhibition surveys the work of 22 artists in a collection of 39 prints ranging in date from 1949 to 1961. The exhibition is prepared and circulated by the Museum of Modern Art in New York City through a grant from the CBS Foundation, Inc.

The show will close April 5.

Waugh Represents SCS At Indiana Convention

Harvey Waugh, chairman of the music department at St. Cloud State College, represented Minnesota at a meeting of the North Central Division of the American College Directors Association March 18 in Indianapolis, Indiana.

Waugh also conducted a "lobby sing" March 20 during a three-day convention of the North Central Division of the Music Educators National Conference, also in Indianapolis. Many of the 2,500 convention delegates participated in the songfest, which was conducted in the lobby of the Claypool Hotel.

Sonja Anderson, student assistant in the Field Services program, informs a group of Minnesota high schoolers on some of the aspects of St. Cloud State life.

(cont'd from Page 1)

the Student Discount Service committee. Richard Shoen was appointed to fill his post.

Shoen commented that he felt the discount service had a "slim chance" of survival in St. Cloud. Local merchants have a generally "cold" attitude toward the proposed service, he said, and the economic situation in the city offers little hope that the service could be of any real economic advantage to local merchants.

Shoen added that although most merchants felt there would be no gain for them profit-wise, and that although many students do not do the majority

or their trading in St. Cloud stores, he would "do his best" to realize more cooperation between the college population and the local merchants in hopes that the discount service would become a reality by fall quarter, 1965.

If adopted, the Student Discount Service would enable St. Cloud State students to purchase SDS cards for one year. The cards would make the holder eligible for a student discount in all participating business establishments throughout the nation.

The resignation of senator David Allivato at the last sen-

ate meeting left open two positions. Sandra Shaver was appointed chairman of the parking committee and president Eklund asked for nominations for a new senator to serve the remaining five meetings. Kenneth S. Jamka was elected on the second ballot to fill Allivato's term.

Final business of the meeting involved approving an invitation by Dean Dale Patton to various health insurance companies.

According to Dean Patton, a number of insurance companies indicated they had health care plans which they wanted to submit to the college. The senate unanimously passed a motion to approve the invitation.

Slater Food Service Announces Results Of Food Preference Poll

by Maureen Knudsen

Results of the food survey conducted on January 20, 1965, have been received by Mr. R. J. Herringshaw, director of the St. Cloud State College ARA Slater Food Service. All students who ate their noon meals at Garvey Commons or Shoemaker Hall on January 20, participated in the survey by receiving

and completing one of four possible food checklists. On the list each food item listed was to be rated as liked, disliked or unknown. These lists were sent to the Slater national headquarters in Philadelphia to be processed by IBM machines.

Herringshaw, upon receiving the results, commented that much of the information concerning likes and dislikes was already known. He said, however, that it is hard to offer foods that all the students like and still serve a variety.

Herringshaw feels it is important to offer a variety of foods in order to teach students various tastes and flavors. Often the student will meet these same varied kinds of food after college and later in life and as a result will be familiar with them. One way of doing this is by means of informational buffets.

Results of the survey comprise a very detailed listing and report. Following is a list of some of the most highly

liked and disliked foods according to percentages:

Although it is impossible to please everyone of the 1500 students eating at Garvey Commons for each meal, Herringshaw says that their goal is to suit the main likes and to offer a balanced dietary meal.

It is interesting to note a food usage chart which is the result of an audit of the amount of various nutritional needs in foods. According to this audit the average student eating at Garvey Commons or Shoemaker Hall consumes enough, if not more, of the required amounts in areas such as milk and milk products; meat, fish and poultry; eggs; dry beans, peas and nuts; grain products; potatoes; citrus fruit; dark green and yellow vegetables; other vegetables and fruit; fats and oils; sugar and sweets. The standards used for comparison are set by the US Department of Agriculture, the Bureau of Human Nutrition.

Area Counselors Discuss Guidance Via Local Radio

To arouse local interest in guidance and counseling activities and in conjunction with the national meeting of the American Personnel and Guidance Association in Minneapolis on April 12-15, several members of the St. Cloud State College Staff joined by several local secondary school guidance workers will discuss guidance activities on two local radio stations.

Dr. Albert Krueger, Dr. Dale Patton, Dr. Frederick Markwardt, and Mr. William Kreul, Guidance Director of the Sauk Rapids public schools will discuss guidance on station WVAL on April 1, at 10:15 and on April 2 at 2:15.

On April 9, from 10:00-11:00 professional counseling will be discussed on WJON by Dr. Krueger, Dr. Patton, Dr. Markwardt of the college, and Ralph Sorenson, Guidance Director of St. Cloud South Jr. high school.

Publications Board To Fill Four More Staff Positions

Applications are now being accepted for four positions in student publications for 1965-66, according to Ray Rowland, chairman of the Student Publications Committee.

The positions are business manager for the College Chronicle and art editor, literary editor and business manager for Parallels, the art and literary magazine.

The Chronicle business manager is responsible for advertising in the newspaper. He receives a 10 per cent commission on all advertisement sold.

The Parallels editors are responsible for the content and organization of one issue of the magazine and the business manager handles promotion and sales. Each receives a \$25 honorarium.

Interested students may obtain an application form at Room 115, Stewart Hall. Applications must be received by noon Thursday, April 8, and candidates will be interviewed by the Student Publications

Committee at 4 p.m. on the same date in Room 114, Stewart Hall.

Further information may be obtained from John Harrigan, Chronicle adviser, and Dr. Edward Mitchell and Charles Crane, Parallels advisers.

AF Recruiter Offers Aircraft Flying Information

Sergeant Pellowski the Air Force recruiter in St. Cloud, Minnesota, announced that the Air Training Command recently accepted delivery on the 500th T-38 aircraft. After primary training in the twin-jet supersonic Cessna A-37 trainer, pilot training students receive six months of basic training in the new supersonic T-38 Talon. This sleek twin-engine aircraft is capable of exceeding the speed of sound in level flight which is in excess of 700 miles per hour.

The capabilities of this trainer are so great that the National Aeronautics and Space Administration is using it as the official space-flight readiness trainer for the astronaut. The Aerospace Research Pilot's School uses it for advanced training and flight proficiency.

Because of the T-38's acceleration and maneuverability it is the chase airplane for the X-15 rocket research craft, and in the XB-70 and C-141 flight test programs. A chase aircraft is one that flies along with the aircraft being tested and relays information to the pilot of the test aircraft.

For information on how to qualify to fly the new aircraft contact Sergeant Pellowski at St. Cloud for additional information.

Members of the Bowery Boys are, in the front (l. to r.) Rudy Olson, Darl Ansari (captain) and Lloyd LaFontaine. In the back row (l. to r.) are Rich Evans, Jack Hagberg, Wes Halvorsen, Norm Seehusen, and Jim Erickson. The Bowery Boys captured the Intramural Basketball crown.

Bowery Boys Top Strats For Intramural Grown 74-53

Intramural basketball concluded with the Bowery Boys being crowned the 1965 champions. In the championship game the Bowery Boys topped Al Sira 74-53 at Eastman Hall. Outstanding players for the Bowery Boys included Jim Erickson with 16 points, Norm Seehusen, 17, and Jim Bebus with 13 points. Hank Ryan was outstanding for the Al Sira team.

Throughout the contest the Bowery Boys never lost the lead and built up the biggest margin at the final horn when they led by 21 points.

The Bowery Boys ended the season as the only undefeated team among the 50 entered in Intramural basketball this year. Overall scoring leader

was Jim Bebus who set possibly an all-time scoring record of 90 points in one game.

The Bowery Boys, as a team, also gained possibly the highest score and largest margin of victory when they won one game 190-28 for a 162 point margin.

Members of the victorious Bowery Boys squad included captain Darl Ansari and Norm Seehusen, Jim Bebus, Jim Erickson, Don Zaske, Rich Evans, Jack Hagberg, Wes Halvorsen, Rudy Olson, and Lloyd LaFontaine.

There is going to be a meeting of all varsity golf candidates in Eastman Hall on Tuesday, April 6 at 4 in room 3.

St. Cloud WRA Tops St. Ben's

The St. Cloud WRA basketball squad defeated St. Benedict last Monday evening 30-24 in Eastman Hall.

St. Cloud jumped off to a strong 11-1 lead at the end of the first quarter. St. Benedict came back to narrow the lead to three points at the end of the half 18-15. In the third period St. Cloud led by Anita Richter and Linda St. John with eight points each, expanded the lead to eight points 26-18; while in the fourth quarter St. Benedict, led by Mary Morris with 10 points, narrowed the lead slightly to the final six point margin for the St. Cloud team, 30-24.

Yearly competition is held between St. Cloud and St. Benedict for a traveling trophy in each of several sports events. The games and contests are for both pleasure and fun with in competition.

St. Cloud was coached by Miss Beigler with Les Burt, captain, while St. Benedict was coached by Miss Henke and had Bernie Roserai as captain.

Hazewinkels, Rybak District 13 All-Stars

Dave Hazewinkel, Jim Hazewinkel and Mike Rybak were awarded positions in the NAIA district All-Star team. Jim Hazewinkel led all wrestlers in the number of votes received.

The team was chosen by the NAIA college coaches in Minnesota. Other members of the squad were Doug Duffy and Harlon Leopold from Concordia College, Raphael Gonshorowski, Henry Conley, Rich Miller, and Bob Billberg, from Moorhead; and Bob Brick from Bemidji State.

WRA Activities Beginning Soon

WRA offers a wide variety of activities for all women in the first and second half of spring quarter. Activities for the first half of the quarter include Slimastics meeting both Mondays at 7 p.m. and Wednesdays at 4 p.m. and fencing-Thursdays at 4 p.m. You do not need your own equipment for fencing. Dancing continues through the whole quarter Tuesdays at 4 p.m.

Second half activities include softball Monday at 4 p.m. Tennis-Tuesdays at 4 p.m. Golf-Wednesdays at 4 p.m. and Track and Field-Thursdays at 4 p.m.

Wally Kelly will help Eddie Colletti and Roy Keller coach this year's golf team. The schedule is not yet complete.

Huskie Wrestlers Take 3rd In NAIA Tourney

by Lois McDougall

St. Cloud wrestlers captured third place in the NAIA national tournament. Jim Hazewinkel, 123, won his third national championship; Dave Hazewinkel gained the runner-up spot at 115; Larry Heinle and Dave Birr received fifth places.

If one of Lock Haven's three wrestlers in the finals had lost, St. Cloud could have grasped second position. Bloomsburg won first place with 60 points. Lock Haven followed with 50 while St. Cloud trailed with 48. Moorhead and Waynesburg tied for fourth with 44. Sixty-graplars were entered to make the largest NAIA meet.

Before the tournament St. Cloud was rated fifth in the NAIA according to Amateur Wrestling News Polls. The Huskie wrestlers did a "tremendous" job, stated coach Ken Cox. Every SCW wrestler won at least one match.

In 1963 the wrestlers also placed third. The baseball team is the only other sport at St. Cloud boasting a third place finish in the NAIA, which is highest position SCW has received.

Next year Coach Cox hopes for a first place finish because the Huskies are losing only two wrestlers. The loss is less than Lock Haven or Bloomsburg. Next year the tournament will be held at St. Cloud.

Huskies Seize AAU Wrestling

Wrestlers from St. Cloud won the 1965 North Dakota AAU Greco-Roman and Freestyle championships. St. Cloud had 43 in Greco-Roman compared to Aberdeen, 13 and Jamestown 12. In Freestyle SDS had 46 to Jamestown's 13 and Aberdeen's 12 points.

In Freestyle Dave Hazewinkel, 125.5; Jim Hazewinkel, 138.5; Bob Lambert, 154; Larry Heinle, 191; Ken Cox, 213.5; and Les Wolff, heavyweight won first places. Dave Golden, 171.5 gained second position.

In Greco-Roman Dave Hazewinkel, Jim Hazewinkel, Lambert, Heinle, and Wolff captured championships. With second spots were Golden and Cox.

Freestyle wrestling is similar to college wrestling except for a few minor rule changes. Greco-Roman is grappling with holds above the waist. Both styles are used in the Olympics.

Spring Football

All varsity football players and candidates will meet Tuesday, April 6, at 4 p.m. in Eastman Hall. The meeting will concern fall football. Anyone unable to attend should contact Dick Lang, P. O. 196.

Wrestling Awards Made

Dave and Jim Hazewinkel were chosen to captain the wrestling team for next season on Monday, March 29. At the same time Jim Hazewinkel received the Dean Weismann award for the outstanding wrestler. He also accepted the Dr. Brainerd National Championships award.

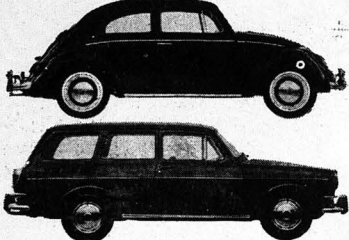

The Gary Award for the fastest fall was given to Dave Hazewinkel. During the Great Plains tournament, he pinned a Kansas State University grappler in 55 seconds.

Olympic Awards were received by Larry Heinle, 191, and Jim Hazewinkel, 114.5. Both placed fourth in the Olympic finals last year.

Action was furious in the championship game of Intramural basketball as the Bowery Boys topped an Al Sira team at the end of last quarter. In the picture Merrill Weise of Sira goes in for a score against the defense of two Bowery Boys Norm Seehusen, (#74) and Don Zaske, (#15 or 19).

Pick up either Volkswagen in Europe.

If you have a driving ambition to see Europe, the cheapest way to do the driving is in your own VW. And picking it up in Europe is the cheapest way to buy one. You can get a genuine beetle in any of 55 cities in 2 countries. And, if you want a little more room and a little more power, spend a little more money and get our

Squareback Sedan. (It's just as genuine, but not so beetle-ish.) We'll attend to the details of purchase, delivery, insurance and licensing. And if the car needs servicing after you ship it home, we'll attend to that, too. If you think that's a lot to ask of a total stranger, come in and get to know us.

St. Cloud Netmen Begin Season With Iowa State

The St. Cloud State Tennis team began its season on March 27 by playing against Iowa State University at Ames, Iowa. The team was defeated by a score of 5-2. The Huskies are coached by John Woods and were 1964 NIC champions with a 7-2 season record. This year the team is composed of four sophomores and one freshman. The prospects for another NIC title again this year looks good.

In the single matches against Iowa State, Huskie sophomore Gary Peterson met Bill O'Deen of Iowa State and lost the first set 6-2, won the second 4-6 and dropped the third set by a score of 6-3. Mike Sundby of the Huskies, challenged Bruce Helm of Iowa State and lost both sets by scores of 6-4. John Pribe, a freshman from North St. Paul, took on Takemitsu Aso and lost both sets by scores of 6-2 and 6-0. Jim Koehn of St. Cloud lost two sets to Jim Williams 6-2 and 6-1. Jim LeMire of the Huskies lost to Dennis Brown by set scores of 6-2 and 6-3.

In the double matches, Gary Peterson teamed up with Mike Sundby for the Huskies to defeat the Iowa State doubles team composed of O'Deen and Aso 8-6 and 6-4. In the other doubles match, John Pribe and Jim LeMire beat Fleming and Artherholt of Iowa State 6-4 and 6-2.

The young St. Cloud State team has a good season to look forward to and all prospects point toward a good one.

Making the trip, in qualifying order, were Gary Peterson, sophomore from Minnetonka; Mike Sundby, sophomore from St. Cloud; John Pribe, freshman from North St. Paul; Jim Koehn, sophomore from St. Cloud; and Jim LeMire, sophomore from North St. Paul.

The Huskies, Northern Intercollegiate Conference champs for the past two years, will play a rugged schedule before the league tournament May 21-22. Non-conference opponents will include Drake, State College of Iowa, Macalester, Hamline and South Dakota State.

The tennis team also is entered in a Northeast Missouri State indoor invitational, Carlton College invitational and St. Cloud-Mankato-La Crosse triangular.

The next tennis match is at Drake University in Des Moines on April 8.

WRA Activities Will Be Co-ed

The Women's Recreation Association has been thinking about you. We thought that you would enjoy a night of co-recreational activities on Tuesday, April 6, from 7:30-8:30 at Eastman Hall. All students, organizations, sororities, and fraternities have been invited to join in games of volleyball, badminton, and table tennis. Refreshments will be served and there is no charge for the entire evening. Please join us.

Track Meet Set For Moorhead

Coach Bob Tracy's beefed-up track team will travel to Moorhead for an indoor meet April 3. The Husky thinclads, who won last year's NAIA District 13 meet, will be paced by several outstanding performers, including distance runner Van Nelson, freshman from Minneapolis Washburn, broad jumper Jared Richardson, junior from Anoka, and hurdler Deryl Nyquist, junior from Carlton.

Nelson already has set two new school records by running the mile in 4:19.3 and the two-mile in 9:31.5.

Richardson holds the school marks in broad jump (23' 3 1/4") and triple jump (44' 11") and was a member of last year's 880 relay team which set a new record of 1:32.9.

Nyquist's time of 39.5 seconds for the 330-yard hurdles is the school's fastest. He has cleared the 440-yard hurdles in 57.8, within 1.8 seconds of the school record.

Baseball Season Nears Opening

Indoor workouts are under way for Coach John Kasper's baseball prospects. Considerable cutting will take place before he chooses his squad for the season's first trip, a six-game Nebraska circuit beginning April 10.

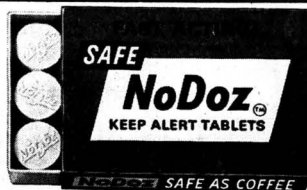

Last year's team won the Northern Intercollegiate Conference title with a 10-2 record, but lost out in national tournament playoffs. The overall record was 16-8, including an unprecedented 14-game winning streak.

Big guns on the diamond for Coach Kasper will include Larry Miller, senior center fielder from Wendell, who was named to the NAIA 1964 All-America baseball team. Miller's batting average was .356, the team's best, in 23 games. Leading pitchers are Bruce Harjung, senior from St. Paul Ramsey, and Joe Harmala, senior from Cloquet. Harjung won six of eight games and Harmala won four of six.

The Lettermen's club meets Tuesday, 7:15 p.m. This is an important meeting and all who can are expected to attend.

During a recent picture taking session for a picture story on wrestling holds the Hazewinkels found themselves a position that broke them up completely. Both are captains of the Huskie wrestling team.

THE SAFE WAY to stay alert without harmful stimulants

Mooney Heads 1965-66 A WS

New president of the Associated Women Students at St. Cloud State College is Susan Mooney, sophomore from Granite Falls.

Other officers elected for 1965-66 are Susan Emery, St. Cloud, off-campus vice-president; Christine Mielke, South St. Paul, on-campus vice-president; Cindy Rog, Stillwater, secretary; Susan Smith, Minneapolis, treasurer; Vicki Markquart, Fairmont, IAWS contact, and Diane Voge, South St. Paul, historian.

The association establishes women's regulations and sponsors educational, cultural and social programs.

Phi Delta Kappa Chooses Wick As Next President

New president of the St. Cloud State College chapter of Phi Delta Kappa is Dr. Robert Wick, dean of the college's School of Arts and Sciences.

He succeeds William Bense, band director and vocal music instructor at Sauk Rapids High School.

Dr. Wick was elected at a dinner meeting March 15, at Sauk Rapids High School Cafeteria.

Other officers for 1965-66 are Charles Sell, first vice-president; Harry Olson, second vice-president; Dr. Luther Brown, recording secretary; Harold House, treasurer; George Brohaugh, historian, and Dr. Fred Menninga, faculty sponsor.

Phi Delta Kappa is an international professional fraternity for men in education.

SCS Brass Choir Performs On TV

St. Cloud State College's brass choir will present a 30-minute concert at 4 p.m. Tuesday, April 6, over KCMT-TV, Alexandria.

Dr. Harold Krueger, assistant professor of music, is the director.

St. Cloud Sponsors Special Institute

School rehabilitation programs for handicapped pupils in non-metropolitan, secondary schools are being studied at an institute March 31-April 2, at St. Cloud State College.

The institute, the only one of its kind in the nation this year, is sponsored by the Minnesota Department of Education in cooperation with the college's special education department. Attendance is by invitation and nearly 125 persons are expected, according to Stanley Knox, coordinator.

Newspaper Needs Writers, Reporters

Attention! all students with an interest in writing! The College Chronicle needs writers... not necessarily gifted writers—we aren't printing a twice-weekly literary masterpiece. We don't even have to have experienced writers—enthusiasm and an interest in writing are all that are necessary.

What kind of writers are needed? The editorial editors need contributors and columnists. The news editors need reporters. And anyone with a flair for writing features can find a vastland of opportunities to expand his talent by checking with the feature editor.

So all students... if you have a desire to contribute to your student newspaper, come down to the Chronicle office and express this desire to any of the editors. We need your help!

A woman's magazine recommends a new reducing diet with bananas as the main dish. This may seem silly, but did you ever see a fat monkey?

Sno Days Queen Enters State Wide Competition

Judy Grengs, sophomore from Delano, is St. Cloud State College's candidate in a "Campus Cover Girl" contest this spring by the Minneapolis Tribune Sunday Magazine.

Photos of candidates from Upper Midwest colleges and universities will appear in the April 4 issue of the magazine. Judges will select the winner from the five girls who receive the most votes submitted by readers. An official ballot will be printed in the April 4 issue.

A color photo of the winner will appear on the cover of the magazine May 23 or May 30. Judy, a 19-year-old, 5-foot-7; brown-eyed brunette, was 1965 Sno Days Queen and

Sweetheart and was runner-up and "Miss Congeniality" in the 1964 Miss St. Cloud contest.

She is majoring in English and minoring in physical education and plans to become a high school teacher.

HONDA ON DISPLAY DURING GRAND OPENING
 April 12th - 15th

PRIZES! BOOK SALE!

Come and Register

GOOD FOR PRIZES DURING OUR GRAND OPENING

Win a Honda just for being born

Your own birth date may have already won you a Honda in Parker Pen's Birthday Sweepstakes!

For example, if your birth date is December 1st, 1942, your entry is 12-1-42. Just fill in the coupon below—take it to your Parker Dealer for his signature—and then send it to us. And you might as well know this: your winners have your choice of Hondas... the powerful C-110, or the deluxe CA-102. Congratulations!

New Compact Jotter. First girl-size ball pen made for girl-size hands. Uses the big 80,000-word Jotter refill. \$1.98.

T-Ball Jotter. The world's first ball pen with stainless steel—writes a clean, clear line up to 80,000 words. \$1.98.

Parker 45 Convertible. The pen that fills two ways—with handy reserve ink cartridges, or from an ink bottle. Standard model—\$5.00.
