

Twin Farms
Barnard, Vermont

Oct. 29.

Dear Isabel:

Your Aunt Dorothy had to go off on a lecture trip and so I am answering for her. I'm very glad to send you foreign stamps; I enclose some from Austria, Germany, France, China, and a few other places, and later I hope to have others for you.

It's growing cold up here at the farm, but the snow has not yet come, so the roads are still good, and I shall be able to stay on here another week or so before going to New York.

My love to all the family.

Ever,
Your venerable uncle
