Dear Mr. Cowles:

The Minneapolis Sunday Tribune on February 15 carried a story in the women's section headlined, "Uncle Sam is Godfather to the Nation's Babies," by Virginia Brainard. May I express my appreciation for the excellent handling of this story.

We believe that the pamphlets mentioned in the story are of real value to all families. The interest and attention given to the pamphlets by your paper represents, in our minds, a real service to the community.

Sincerely yours,

Chester B. Lund
